LIFE Lucille Ball
Nov 21 2021 She was capricious, outspoken, madcap, and never embarrassed. And we loved her for it.

Thirty years after the death of one of TV's legends, LIFE remembers the life and career of Lucille Ball, the hilarious comic actress whose iconic sitcom, I Love Lucy (which she created and starred in with her real-life husband, Desi Arnaz) was so popular that the episode featuring the birth of their characters' son, Little Ricky, attracted more viewers than the inauguration of President Dwight Eisenhower. A Hollywood giant who blazed a trail

for women in front of and behind the camera, Ball was the first female to run a major television production studio, and she green-lighted such classic broadcasts as Star Trek and Mission Impossible. A former showgirl on Broadway stage, Ball was known as one of the hardest-working actresses in Tinseltown before conquering radio and then TV. With her unique brand of fearless, physical comedy, she paved the way for funny folks like Mary Tyler Moore, Penny Marshall, and Robin Williams. As Will and Grace's Debra Messing writes in the heartfelt foreword to this LIFE Special Edition, "It's fair to

say that I have my career because Lucy paved the way. She and Desi in **LIFE** Dec 23 2021 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. century ago, seeking to visit his muse Woody Guthrie in the hospital and to launch a music career. He did both, and his first, eponymous album was released precisely 50 years ago. The rest is legend: Dylan the folk hero, Dylan going electric, Dylan and the Band, Dylan and the American ethos. Today, he stands as an always-touring icon. A national institution. It's time to celebrate the remarkable life of Bobby Zimmerman of Hibbing, Minnesota. A life in pictures, including shots from those who know him intimately, and knew him in the reclusive years in Woodstock, like

Eliot Landy and Bob Cato . LIFE's original coverage of Dylan, Joan Baez and the downtown scene of the early 1960s . Excerpts from Dylan interviews through the years that make the story come alive, and get to the heart of this enigmatic man.

LIFE Jesus Jul 18
2021 LIFE Books managing editor, Robert Sullivan, has twice been awarded the Wilbur Award for best religion feature in a national magazine and has authored LIFE's

New York Times best-selling biography of Pope John Paul II. He brings to this book his expertise on the subject of Christianity a long with text informed by the world's great scholars, theologians and religious figures. Jesus emerged from nowhere to become, in his short life- perhaps as few as 32 years-a thinker, teacher and preacher whose words and deeds would change the world and become the foundation for the world's largest religion. But the biography as outlined in the New Testament and apocryphal writings only tells us so much. LIFE's editors go, in words and pictures, in

search of Jesus of Nazareth, the carpenter's son who would one day influence all. The great photographer Denis Waugh once made a thorough, colorful and moving pictorial pilgrimage to the Holy Land exclusively for LIFE, and those images will anchor our quest. We will travel, as well, to the Vatican, to the missions of Africa, to the Glide Memorial Church in San Francisco-to all that has risen in Jesus, name. In the book's final section, we will look at Christianity today: Its still vastly influential place in our tumultuous world.

The Magazine Century Oct 09 2020 "Taking a page from the legendary magazine publisher Henry Luce, who termed the twentieth century 'the American century,' David E. Sumner aptly adapts his magazine history book and names it The Magazine Century. The book scans the magazines of the twentieth century and provides the reader with a carefully crafted buffet of historical nuggets---enough to engage its audience with an amazing experience that leaves them satisfied and wanting more at the same time. The love affair with magazines that this

book offers is a historical asset to anyone thinking of starting, studying, or even dreaming about launching a new magazine. It is the cornerstone of our past, from which we can live our present and better prepare for our future. A must-read for anyone who ever doubts the power of magazines and their place in our history."---Samir Husni, Professor of Journalism and Director, Magazine Innovation Center, University of Mississippi --

Life Magazine and the Power of Photography

May 16 2021 The first comprehensive consideration of Life magazine's groundbreaking and influential contribution to the history of

photography From the Great Depression to the Vietnam War, the vast majority of the photographs printed and consumed in the United States appeared on the pages of illustrated magazines. Offering an in-depth look at the photography featured in Life magazine throughout its weekly run from 1936 to 1972, this volume examines how the magazine's use of images fundamentally shaped the modern idea of photography in the United States. The work of photographers both celebrated and overlooked--including Margaret Bourke-White, Larry Burrows, Henri Cartier-

Bresson, Frank Dandridge, Alfred Eisenstaedt, Fritz Goro, Gordon Parks, and W. Eugene Smith--is explored in the context of the creative and editorial structures at Life. Contributions from 25 scholars in a range of fields, from art history to American studies, provide insights into how the photographs published in Life--used to promote a predominately white, middle-class perspective--came to play a role in cultural dialogues in the United States around war, race, technology, art, and national identity. Drawing on unprecedented access to Life magazine's picture

and paper archives, as well as photographers' archives, this generously illustrated volume presents previously unpublished materials, such as caption files, contact sheets, and shooting scripts, that shed new light on the collaborative process behind many now-iconic images and photo-essays.

That Was the Life

LIFE Eagles Aug 19 2021 Days spent soaking up the Laurel Canyon vibe and nights spent jamming at the famous Troubadour bar in Los Angeles led the Eagles - whose founding fathers include Glenn Frey, Don Henley, Bernie Leadon, and Randy Meisner - to become the quintessential California band. Their music navigated dark desert highways, tequila sunrises, and beyond. Take it

easy? The Eagles, unfortunately, failed to follow their own advice. They had glorious harmonies on record that concealed chronic disharmony on tours. Those tours left in their wake a trail of splintered hotel furniture and bathtubs full of Budweiser, often at the hands of renowned guitarist and hard partier Joe Walsh. And yet with those songs, and on those tours, the Eagles conquered the world. Despite the tension and the death of front man Glenn Frey, there was - and is - the music, which still resonates today. LIFE's special edition serves as a tribute to the sound and songs the Eagles created in

the 1970s and over the 50 years since - and the legacy that endures.

LIFE The Sopranos Apr 14 2021 It's the show that changed television as we know it. On January 10, 1999, HBO introduced viewers to one of the most indelible antiheroes of all time: New Jersey mobster Tony Soprano.

Created by producer David Chase, *The Sopranos* dove deep into the psyche of its titular mafioso (played by James Gandolfini), including the constant internal struggle between life as a family man and a made man. Over the course of its six-season run, *The Sopranos* would collect 21 Emmy awards and cement its status as an instant classic of the medium. Now, ahead of the debut of the prequel movie, *The Many Saints of Newark*, starring Gandolfini's son Michael as a young Tony, *LIFE* looks back on the celebrated series, from its inception by Chase to the legacy left by

Gandolfini following his untimely death. The show may have faded to black more than a decade ago, but fans have never stopped believing.

2020 Offers a photographic account of the events of September 11, 2001, the rescue efforts in the days following the attacks, and the response of a nation united in sadness, pride, and resolve. *O America* Jul 06 2020 In 1848 an English physician, Nathaniel Trennant, accepts an offer to serve as doctor on a ship carrying immigrants to America. When arriving in Baltimore, Trennant stumbles onto its slave market and witnesses the horrors of human bondage. One night in a boardinghouse he discovers under his bed a runaway slave. Disturbed and angered by the selling of human

lives, he offers to help the young man escape, a criminal action that will put the fugitive slave and physician into flight from both the law and opportunistic slave hunters. Traveling by foot, horse, stage, canal boat, and steamer, Nathaniel and Nicodemus explore the backcountry and forge a deep friendship as they encounter a host of memorable characters who reveal the nature of the American experiment, one still in its early stages but already under the stress of social injustices and economic inequities.
