leading women's rights advocate? Again and Again tells the story of Deborah Borenstein—as an established women's rights leader in 2010 Washington, DC, and as a college student, thirty years earlier, whose roommate is raped by a fellow student. The perpetrator is now a Senate candidate who has the backing of major feminist groups . . . which puts Deborah in a difficult position. Torn between her past and present, as the race goes on, Deborah finds herself tested as a wife, a mother, a feminist, and a friend.

Selling the City Mar 17 2021 Between 1880 and 1940, California cities were in the vanguard in creating comprehensive city plans and zoning ordinances that came to characterize modern American city growth. This book reveals the means by which property-owning middle-class women achieved entry into the male-dominated sphere of urban planning. It suggests that women in California were not excluded from public life. Instead, they embraced the middle-class ideology of propertied self-interest and participated to the fullest extent possible in the urban struggle for regional dominance that shaped this period of western history. Likewise, as urban historians have presented this story as essentially male, this work suggests that although California's urban elite often maintained a division of labor along traditional gender lines, they clearly worked in a cross-gender alliance to shape a regional identity based on a commitment to urban growth.

Cases, Problems, and Materials on Contracts Nov 05 2022 Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes—portability, meaningful feedback, and greater efficiency. Cases, Problems, and Materials on Contracts is known for pioneering the problem method of law school teaching. A staple in classrooms for decades, it stands out from other texts in the scope of its coverage and its use of short, carefully-constructed Problems to expose students to new concepts, reinforce what they have just learned, and stimulate thought. The Eighth Edition, the first since the passing of Thomas Crandall and the addition of David Horton as co-author, is more accessible than ever. It introduces complicated issues with a clear narrative summary or explicit statement of black-letter law. The cases have been tightly edited for best effect. The book can also be easily adapted to fit various pedagogical needs. Although it starts with “Agreement” and moves to “Consideration,” it is also designed for teachers who prefer to begin with “Consideration” or “Remedies.” It can be used in courses that both include and exclude sales. Finally, because it is shorter than most other texts in this field, it works in 4-unit, 5-unit, and 6-unit courses. New to the Eighth Edition: Substantial input from a new co-author means that the book contains scores of new cases, Problems, and narrative introductions to issues. Each opinion has been streamlined to enhance readability. Where possible, applicable Restatement of Contracts and Uniform Commercial Code sections have been printed in the text, saving students the cost of buying separate supplements. Professors and students will benefit from: Coverage of the basics of Contracts Law in a format that allows greater exposure to the legal concepts through the many Problems that fill each chapter alongside the most illustrative cases on point Assessment multiple-choice questions at the end of each chapter that are meatier than such questions in most books, focusing not on the “right answer” so much as on what real attorneys must consider when confronted with the issues presented The entire book’s approach not just to teach rules of law but to train students to be lawyers faced with commercial issues. For example, Problems sometimes ask students whether they would be committing malpractice if they took a certain course of conduct, an issue very much on the mind of actual attorneys but seldom mentioned in law school classrooms. CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Lyrics of My Life Oct 04 2022 The world was not the least bit surprised when Branden James became a finalist on Season 8 of America's Got Talent, receiving high praise from the judges for his emotional, operatic vocals. During his time in the spotlight, he hit more than one perfect note. Coming out and sharing intimate details of his broken ties with his religious family on the show, he received countless messages from fans who could relate to his personal struggles. Through it all, Branden was surprised by one startling realization: how vital it was for him to be completely authentic in order to help others and continue to heal himself. Branden continued to inspire his fans and kindred spirits by publicly sharing further stories of struggling with depression, overcoming the tumultuous time when he contracted HIV, and being a victim of sexual assault, all while still identifying with the Christian faith. Lyrics of My Life is authentically Branden: a memoir highlighting the conflicts of growing up gay in a world that looked upon his true self and beliefs as an impractical, sinful way of life. Branden spares no details about his unstable life as a young adult, estrangement from his close-knit family, and, despite it all, his unbreakable will to overcome adversity. In a quest for his own personal freedom, Branden finds reconciliation with his family, rediscovers his faith, and realizes that affliction and hardship are not what define us as human beings.

The Bankers' New Clothes Jan 03 2020 The past few years have shown that risks in banking can impose significant costs on the economy. Many claim, however, that a safer banking system would require sacrificing lending and economic growth. The Bankers' New Clothes examines this claim and the narratives used by bankers, politicians, and regulators to rationalize the lack of reform, exposing them as invalid. Anat Admati and Martin Hellwig argue that we can have a safer and healthier banking system without sacrificing any of its benefits, and at essentially no cost to society. They seek to engage the broader public in the debate by cutting through the jargon of banking, clearing the fog of confusion, and presenting the issues in simple and accessible terms.
