[Northern Territories, Asia-Pacific Regional Conflicts and the Åland Experience](#) Mar 05 2020 This volume is the fruit of an international collaborative study, which considers the Åland islands settlement in northern Europe as a resolution model for the major Asia-Pacific regional conflicts that derived from the post-World War II disposition of Japan, with particular focus on the territorial dispute between Japan and Russia, the Northern Territories/Southern Kuriles problem. The contributors provide analysis of the Åland settlement, the Japan-Russia territorial dispute and Åland-inspired solution ideas by experts from all over the world, including government officials, scholars and military specialists. Northern Territories, Asia-Pacific Regional Conflicts and the Åland Experience will be of interest to advanced undergraduate and postgraduate students, as well as academics working in Asian studies, politics, international relations, conflict resolution and security studies.

The Works of John Loke Dec 02 2019

General John A. Rawlins May 19 2021 No one succeeds alone, and Ulysses S. Grant was no exception. From the earliest days of the Civil War to the heights of Grant's power in the White House, John A. Rawlins was ever at Grant's side. Yet Rawlins's role in Grant's career is often overlooked, and he barely received mention in Grant's own two-volume Memoirs. General John A. Rawlins: No Ordinary Man by Allen J. Ottens is the first major biography of Rawlins in over a century and traces his rise to assistant adjutant general and ultimately Grant's secretary of war. Ottens presents the portrait of a man who teamed with Grant, who submerged his needs and ambition in the service of Grant, and who at times served as the doubter who questioned whether Grant possessed the background to tackle the great responsibilities of the job. Rawlins played a pivotal role in Grant's relatively small staff, acting as administrator, counselor, and defender of Grant's burgeoning popularity. Rawlins qualifies as a true patriot, a man devoted to the Union and devoted to Grant. His is the story of a man who persevered in wartime and during the tumultuous years of Reconstruction and who, despite a ravaging disease that would cut short his blossoming career, grew to become a proponent of the personal and citizenship rights of those formerly enslaved. General John A. Rawlins will prove to be a fascinating and essential read for all who have an interest in leadership, the Civil War, or Ulysses S. Grant.

Overcoming Speechlessness Mar 17 2021 In 2006, Alice Walker, working with Women for Women International, visited Rwanda and the eastern Congo to witness the aftermath of the genocide in Kigali. Invited by Code Pink, an antiwar group working to end the Iraq War, Walker traveled to Palestine/Israel three years later to view the devastation on the Gaza Strip. Here is her testimony. Bearing witness to the depravity and cruelty, she presents the stories of the individuals who crossed her path and shared their tales of suffering and courage. Part of what has happened to human beings over the last century, she believes, is that we have been rendered speechless by unusually barbaric behavior that devalues human life. We have no words to describe what we witness. Self-imposed silence has slowed our response to the plight of those who most need us, often women and children, but also men of conscience who resist evil but are outnumbered by those around them who have fallen victim to a belief in weapons, male or ethnic dominance, and greed.

[Parish Ministry for Maturing Adults](#) Jul 01 2022 The current crisis in parish ministry for maturing adults is the reason Richard Johnson wrote this book. It is his clear intention that parishes become more active, more assertive, and more focused on the fundamentals of ministering to those in their maturing years. As he looks into the future, the author sees this ministry growing steadily and surely, taking its rightful place among other parish ministries. He calls for a new vision for parish ministry with maturing adults that moves beyond social activities to a new model of spiritual growth and personal development.

Take the House: A Proposal to Reform the Republic Aug 02 2022 If you don't have to sell your soul to legislate, you won't owe the devil anything when you do. That's the premise behind this bold proposal that would allow the American people to take the House. Matthew Wells Sanders urges passing a constitutional amendment that would transform the House of Representatives to a body of citizens that meet certain criteria and who are chosen to serve via a lottery. Every second year, voters would decide whether to retain or dismiss their representatives on an individual basis. Upon a vote of dismissal or a vacancy, a new lottery would be held. Giving the chance for every type of citizen to serve would make the legislative process more efficient, improve accountability, and eliminate the conflicts of interest that are so rampant in government. The time has come, once again, for the people of our nation to reform our political system so that it more closely embodies the ideals espoused by our founding fathers and the many faithful patriots who have followed.

How to Lead When You Don't Know Where You're Going Jan 03 2020 How to Lead When You Don't Know Where You're Going is a book of hope for weary leaders in danger of defining ministry in terms of failure or loss. This book does not attempt to describe where the church is headed; rather, it helps leaders stand firm in a disoriented state, learning from their mistakes and leading despite the confusion.

[From Open Secrets to Secret Voting](#) Jun 19 2021 The expansion of suffrage and the introduction of elections are momentous political changes that represent only the first steps in the process of democratization. In the absence of institutions that protect the electoral autonomy of voters against a range of actors who seek to influence voting decisions, political rights can be just hollow promises. This book examines the adoption of electoral reforms that protected the autonomy of voters during elections and sought to minimize undue electoral influences over decisions made at the ballot box. Empirically, it focuses on the adoption of reforms protecting electoral secrecy in Imperial Germany during the period between 1870 and 1912. Empirically, the book provides a micro-historical analysis of the democratization of electoral practices, by showing how changes in district level economic and political conditions contributed to the formation of an encompassing political coalition supporting the adoption of electoral reforms.

The Debutante's Daring Proposal Jul 21 2021 "I want you to marry me." Miss Georgiana Wickford has a plan to avoid the marriage mart—she'll propose a marriage of convenience! She hasn't spoken to the Earl of Ashenden since their childhood friendship was torn apart, but now Edmund is her only hope. Edmund refuses to take any bride, especially the unsuitable country miss who abandoned him years ago. But when he sees beautiful Georgie at the mercy of society's rakes, it arouses his protective instincts. And soon the earl is tempted to claim the daring debutante for himself!

[Inequality](#) May 07 2020 This book offers an up-to-date portrait of the realities of social class and its consequences in the United States today, focusing on the increasing inequality gap; the shrinking middle class; the myth and realities of social mobility; the consequences of class for work, health care, education, the justice system, war, and the environment; and progressive solutions for reducing inequality and improving human life.

From New Federalism to Devolution Oct 31 2019 In the period from 1970 to the early 1990s, Republican leaders launched three major reforms of the federal system. Although all three initiatives advanced decentralization as a goal, they were remarkably different in their policy objectives, philosophical assumptions, patterns of politics, and policy outcomes. Expanding and updating his acclaimed book, *New Federalism: Intergovernmental Reform from Nixon to Reagan* (1988), Timothy Conlan provides a comprehensive look at intergovernmental reform from Nixon to the 104th Congress. The stated objectives of Republican reformers evolved from rationalizing and decentralizing an activist government, to rolling back the welfare state, to replacing it altogether. Conlan first explains why conservatives have placed so much emphasis on federal reform in their domestic agendas. He then examines Nixon's New Federalism, including management reforms and revenue sharing; analyzes the policies and politics of the "Reagan revolution"; and reviews the legislative limitations and achievements of the 104th Congress. Finally, he traces the remarkable evolution of federalism reform politics and ideology during the past 30 years and provides alternative scenarios for the future of American federalism.

The Arab Lobby and US Foreign Policy Feb 13 2021 The US foreign policy stance on Israel-Palestine has shifted considerably in recent years, from a position of "Israel only" to one which embraces both Israel and Palestine in a call for peace. This volume assesses why the US stance has evolved in the way that it has, concluding that while international factors cannot be overlooked, developments within the United States itself are also crucial. After years of vacillating on Palestinian national aspirations, the majority of Americans, the author notes, have come to favor the establishment of an independent Palestinian state on the West Bank and the Gaza strip. Considering what accounts for changes in US policy on Israel-Palestine, this volume: delivers a thorough assessment of the role of international and domestic factors in shaping US policy in this area considers how US policy has evolved from the Camp David negotiations of the 1970s up to the occupation of Iraq in the mid 2000s explores the significance of American public opinion and the pro-Israel and Arab lobbies in the evolution of US policy The Arab Lobby and US Foreign Policy will be of interest to students and scholars of Foreign Policy and Political Science, Current Affairs and American Studies. Khalil M. Marrar is Professor at DePaul University, USA. He has served in editorial positions at the Arab Studies Quarterly and the Association of Arab-American University Graduates.

How We Think & Other Works On Logic Jul 29 2019 "Everything that comes to mind, that 'goes through our heads,' is called a thought. To think of a thing is just to be conscious of it in any way whatsoever. Second, the term is restricted by excluding whatever is directly presented; we think (or think of) only such things as we do not directly see, hear, smell, or taste." (How We Think)_x000D_ Table of Contents: _x000D_ How We Think _x000D_ Leibniz's New Essays Concerning the Human Understanding _x000D_ Essays in Experimental Logic _x000D_ Creative Intelligence: Essays in the Pragmatic Attitude et al. _x000D_ Human Nature and Conduct: An Introduction to Social Psychology _x000D_ John Dewey (1859-1952) is one of the primary figures associated with the philosophy of pragmatism and is considered one of the founders of functional psychology. His ideas have been influential in education and social reform. Known for his advocacy of democracy, Dewey considered two fundamental elements—schools and civil society—to be major topics needing attention and reconstruction to encourage experimental intelligence and plurality.

U.S. Economy, and Proposals to Provide Middle-income Tax Relief, Tax Equity and Fairness, Economic Stimulus and Growth: December 5, 6, 17, and 18, 1991 Jan 27 2022

The Russo-Japanese War in Global Perspective Oct 12 2020 Like Volume one, Volume two of The Russo-Japanese War in Global Perspective examines the Russo-Japanese War in its military, diplomatic, social, political, and cultural context. In this volume East Asian contributors focus on the Asian side of the war to flesh out the assertion that the Russo-Japanese War was, in fact, World War Zero, the first global conflict of the 20th century.

Perception, Action, and Consciousness Feb 02 2020 What is the relationship between perception and action, between an organism and its environment, in explaining consciousness? This book is an interdisciplinary exploration of the relationship between perception and action, with a focus on the debate about the dual visual systems hypothesis, against action oriented theories of perception.

The Life of Lord Strathcona and Mount Royal, G.C.M.G., G.C.V.O Jun 07 2020

By Dawns Early Light Apr 05 2020 A fast paced thriller packed with unspeakable terrorist events directed at the Homeland of the United States. Chemical, Biological and Nuclear warfare are the tools of the attack. The heartland of the country is the target. The new President, Sandra Anthony from Chicago, Illinois, wields a National Strategy of retaliation using a wide array of military resources directed at two countries that harbor and assist terrorists. The Novel is packed full of police, emergency management, national security, geo-political and military action scenarios. A must read for Weapons of Mass Destruction First Responders, Emergency Management Planners, Political Leaders, Military personnel and citizens!

Presidents, Congress, and the Public Schools Mar 29 2022 April 2015 marks the fiftieth anniversary of the Elementary and Secondary Education Act (ESEA), the landmark legislation that has provided the foundation of federal education policy in the United States. In Presidents, Congress, and the Public Schools, longtime policy analyst Jack Jennings examines the evolution of federal education policy and outlines a bold and controversial vision for its future. Jennings brings an insider's knowledge to this account, offering a vivid analysis of federal efforts in the education arena and revealing some of the factors that shaped their enactment. His rich descriptions and lively anecdotes provide pointed lessons about the partisan climate that stymies much federal policy making today. After assessing the impacts of Title I and NCLB, and exploring the variety of ways that the federal government has intervened in education, Jennings sets forth an ambitious agenda for reframing education as a federal civil right and ensuring that every child has the opportunity to learn.

Strategic Arms Control and U.S. National Security Policy Apr 17 2021

The Reagan Moment May 31 2022 In The Reagan Moment, the ideas, events, strategies, trends, and movements that shaped the 1980s are revealed to have had lasting effects on international relations: The United States went from a creditor to a debtor nation; democracy crested in East Asia and returned to Latin America; the People's Republic of China moved to privatize, decentralize, and open its economy; Osama bin Laden founded Al Qaeda; and relations between Washington and Moscow thawed en route to the Soviet Union's dissolution. The Reagan Moment places US foreign relations into global context by examining the economic, international, and ideational relationships that bound Washington to the wider world. Editors Jonathan R. Hunt and Simon Miles bring together a cohort of scholars with fresh insights from untapped and declassified global sources to recast Reagan's pivotal years in power. Contributors: Seth Anziska, James Cameron, Elizabeth Charles, Susan Colbourn, Michael De Groot, Stephanie Freeman, Christopher Fuller, Flavia Gasbarri, Mathias Häussler, William Inboden, Mark Atwood Lawrence, Elisabeth Mariko Leake, Melvyn P. Leffler, Evan D. McCormick, Jennifer Miller, David Painter, Robert Rakove, William Michael Schmidli, Sarah Snyder, Lauren Frances Turek, James Wilson

Franklin D. Roosevelt Jul 09 2020 Named a Best Book of the Year by The Washington Post and NPR " We come to see in FDR the magisterial, central figure in the greatest and richest political tapestry of our nation's entire history " —Nigel Hamilton, Boston Globe " Meticulously researched and authoritative " —Douglas Brinkley, The Washington Post " A workmanlike addition to the literature on Roosevelt. " —David Nasaw, The New York Times " Dallek offers an FDR relevant to our sharply divided nation " —Michael Kazin " Will rank among the standard biographies of its subject " —Publishers Weekly A one-volume biography of Roosevelt by the #1 New York Times bestselling biographer of JFK, focusing on his career as an incomparable politician, uniter, and deal maker In an era of such great national divisiveness, there could be no more timely biography of one of our greatest presidents than one that focuses on his unparalleled political ability as a uniter and consensus maker. Robert Dallek's Franklin D. Roosevelt: A Political Life takes a fresh look at the many compelling questions that have attracted all his biographers: how did a man who came from so privileged a background become the greatest presidential champion of the country's needy? How did someone who never won recognition for his intellect foster revolutionary changes in the country's economic and social institutions? How did Roosevelt work such a profound change in the country's foreign relations? For FDR, politics was a far more interesting and fulfilling pursuit than the management of family fortunes or the indulgence of personal pleasure, and by the time he became president, he had commanded the love and affection of millions of people. While all Roosevelt's biographers agree that the onset of polio at the age of thirty-nine endowed him with a much greater sense of humanity, Dallek sees the affliction as an insufficient explanation for his transformation into a masterful politician who would win an unprecedented four presidential terms, initiate landmark reforms that changed the American industrial system, and transform an isolationist country into an international superpower. Dallek attributes FDR's success to two remarkable political insights. First, unlike any other president, he understood that effectiveness in the American political system depended on building a national consensus and commanding stable long-term popular support. Second, he made the presidency the central, most influential institution in modern America's political system. In addressing the country's international and domestic problems, Roosevelt recognized the vital importance of remaining closely attentive to the full range of public sentiment around policy-making decisions—perhaps FDR's most enduring lesson in effective leadership.

Universal Singular Nov 24 2021 A critical introduction to the design of public spaces The way public spaces are designed reflects the period in which they were created. However, in our globalized world of experience and images the desire for uniqueness tends to achieve the opposite: increasingly, designers of open spaces resort to the same devices and thereby distance themselves from the urban context. The author analyzes ten outstanding contemporary designs of public spaces in Europe in terms of their function in the urban context and what materials are used for their implementation. In interviews with the designers she retraces the changes of the concepts during the design stage of the projects, underpinning her findings with numerous sketches. In addition, her research focuses on how the projects were received in the community. Learning from designers of outstanding public spaces in Europe Numerous unpublished design sketches A clear guide to urban design Also available in a French edition

Parliamentary Debates Oct 24 2021

The UAW Nov 12 2020 This book analyzes the multi-faceted scandal that has tarnished the reputation of the United Auto Workers (UAW), an iconic union revered for its commitment to union democracy and ethical practices, showing what went wrong to lead the spread of corruption and how to remedy it. Masters and Goeddeke provide a historical context of the rise and decline of the UAW, leading to "a culture of corruption" and resulting in the indictment or conviction of 15 union and corporate officials for the misuse of tens of millions of dollars. The book evaluates the various proposed reforms of the UAW's financial practices and ethical standards, including the possibility of a government takeover. It raises questions about the wisdom of such a takeover, based on the problems associated with the government takeover of the Teamsters. The authors recommend that the UAW convene a special constitutional convention to consider reforms in governance and hiring practices. Providing a clear depiction of this scandal and the UAW's systemic flaws, and suggesting potential remedies, this book will appeal to the tens of thousands of union officers and members keenly interested in the state of labor and an iconic union, their corporate counterparts in management, academics, students, and journalists in the fields of business and society, employee relations, law, labor relations, and management.

Global Financial Warriors: The Untold Story of International Finance in the Post-9/11 World Feb 25 2022 " A valuable insider's account of financial diplomacy in the Bush administration. " —Jeffrey E. Garten, Washington Post Sworn in as head of the U.S. Treasury Department's international finance division just three months prior to 9/11, John B. Taylor soon found himself at the center of the war on terror. Global Financial Warriors takes you inside the White House Situation Room, to the meetings of the G7 finance ministers, and to cities worldwide as Taylor assembles a coalition to freeze terrorist assets, plans the financial reconstruction in Afghanistan, oversees the development of a new currency in Iraq, and deals with the spread of financial crises. From reforming the IMF and the World Bank to negotiating international agreements to reduce Iraq's debt by 80 percent and cancel the debt of very poor countries, Taylor's unparalleled access offers the reader an insider's account of a pivotal time in international finance.

The Disobedience of Design Sep 22 2021 This volume presents for the first time in English a curated selection of writings by the design thinker Gui Bonsiepe from the 1960s to the present day. Addressing as it does questions of non-Western design and a design practice that is both radical and democratic, Bonsiepe's work has assumed new importance for current debates inspired by global political and environmental crises. Structured into three sections, the anthology first addresses Bonsiepe's work on design theory and practice, particularly in relation to the history and contemporary relevance of the Ulm design school, where Bonsiepe was a professor in the 1960s. A second section then represents Bonsiepe's writings after his move to South America in the 1960s and '70s, where he worked as a design consultant for the Allende government in Chile before the military takeover. In writings from the period, Bonsiepe explores the concept of design 'at the periphery' and the relationship of national design traditions and practices in Latin American countries to those of 'the core' - Western European and American design. The final section comprises selections of Bonsiepe's writings on design in relation to literacy and language, visibility and cognition. This indispensable volume includes new interviews with Bonsiepe as well as his original, previously unpublished texts.
