Jun 27 2019 Amël-Marduk (561-560 BC), Neriglissar (559-556 BC), and Nabonidus (555-539 BC) were the last native kings of Babylon. In this modern scholarly edition of the complete extant corpus of royal inscriptions from each of their reigns, Frauke

Weiershäuser and Jamie Novotny provide updated and reliable editions of the texts. The kings of the Neo-Babylonian Empire left hundreds of official inscriptions on objects such as clay cylinders, bricks, paving stones, vases, and stelae. These writings, ranging from lengthy narratives enumerating the deeds of a monarch to labels identifying a ruler as the builder of a given structure, supplement and inform our

understanding of the empire. Beginning with a historical introduction to the reigns of these three kings and the corpus of inscriptions, Weiershäuser and Novotny then present each text with an introduction, a photograph of the inscribed object, the Akkadian text in a newly collated transliteration, an English translation, catalogue data, commentary, and an updated bibliography.

Weiershäuser and Novotny provide new translations of several related Akkadian texts and chronicles. Featuring meticulous yet readable transliterations and translations that have been carefully collated with the originals, this book will be the standard edition for scholars and students of Assyriology, the Neo-Babylonian dialect, and the Neo-Babylonian Empire for decades to come.

happy relationship. Everything got shattered in a single blow, his love, his hope and his dream were also in the row... The book contains the craziness of Arya, Rahul and Abhi, their friendship and the bond of brotherhood they carry in every iota of their blood. The novel also describes the lifestyle of an engineering student, experiences of the later and the dilemma faced during the course. This book is based on my Real Life Experiences. Different One" is a collection of poetry written by Amna Thapa journeying through life, love, betrayal, tragedies and loss. This book is a heart-wrenching expression of raw emotion simplified in short, but thoughtful pieces. These poems are for those who love too deeply, for those who break too easily, and for those who continue to rise— time and time again. Thapa's words enable readers to confront their deepest sorrows and piece together the parts that are broken. This is a book of heartbreak and healing— but more importantly, a poetry of overcoming, struggling and

choosing to be a different one in a blind world with alike thinking minds. It is easy to nod and get along with a group of identical people but what if your mind goes against your actions, what if there is a strong urge for you to rebel against wrong actions, what if you are an original from all the photocopies in the world, what if you finally decide to risk all your smiling companions for being a different one, would you?

change. In doing so, it includes discussions on a wide array of issues including women's empowerment and political participation, ethno-religious tensions, plurilingualism, education reform, community-based healthcare, climate change, disaster management, ecological systems, and vulnerability reduction. Two core foundations are introduced for ensuring broader transformations. The first is the academic diplomacy project – a framework for an engaged academic enquiry focusing on causative, curative, transformative, and promotive factors. The second is a community driven

collective struggle that serves as a grassroots possibility to facilitate positive social transformation by using locally available resources and enabling the participation of the resident population. As a whole, the book conveys the importance of a diversification of engagement at the grassroots level to strengthen the capacity of individuals as decisive stakeholders, where the process of social transformation makes communities more interconnected, interdependent, multicultural and vital in building an inclusive society.” *The English and*

the Oneida Nation of the Thames Settlement and the surrounding area. With topics ranging from work experiences and Oneida customs to pranks, humorous encounters, and ghost stories, these fifty-two unscripted narrations and conversations in Oneida represent a rare collection of first-hand Iroquoian reflections on aspects of daily life and culture not found in print elsewhere. Each text is presented in Oneida with both an interlinear, word-by-word translation and a more colloquial translation in English. The book also contains a grammatical sketch of the Oneida language by Karin

Michelson, co-author of the Oneida-English/English-Oneida Dictionary, that describes how words are structured and combined into larger linguistic structures, thus allowing Glimpses to be used as a teaching text as well. The engrossing tales in Glimpses of Oneida Life will be a valuable resource for linguists and language learners, a useful source for those studying the history and culture of Iroquois people in the twentieth-century, and an entertaining read for anyone interested in everyday First Nations life in southern Ontario.
