Perfect for beginning artists, each title features artist tips for drawing or painting anything and everything from people, animals, and still life to flowers, trees, and landscapes.

The Feynman Lectures on Physics: Electromagnetism and matter Jan 30 2020

The Oneness and Simplicity of God Jan 12 2021 That YHWH is numerically one is foundational to the theology of the Hebrew Bible. Christian theologians historically have affirmed that there is a more fundamental type of oneness attributable to God. God is one not merely in the sense of being the only God, but also in the sense of being simple or non-composite, having no parts of any kind. In this way, God is said to be an absolute unity. After a consideration of all the evidence, Barry D. Smith reaches the conclusion that there is no basis for ascribing simplicity to God. The simplicity doctrine is not found in Scripture and the traditional arguments used to establish it are unconvincing. In addition, the recent defenses of the simplicity doctrine prompted by Alvin Plantinga's work *Does God Have a Nature?* are unsuccessful. It should not be thought, however, that the rejection of divine simplicity means that by default God must be conceived as composite, not even as a perfect composite with maximally great, God-making properties. Rather, there is a third option: God should not be conceived as either simple or composite. The question of in which mode God has attributes or exemplifies properties should be set aside.

The ONE Thing May 28 2022 □ More than 500 appearances on national bestseller lists □ #1 Wall Street Journal, New York Times, and USA Today □ Won 12 book awards □ Translated into 35 languages □ Voted Top 100 Business Book of All Time on Goodreads People are using this simple, powerful concept to focus on what matters most in their personal and work lives. Companies are helping their employees be more productive with study groups, training, and coaching. Sales teams are boosting sales. Churches are conducting classes and recommending for their members. By focusing their energy on one thing at a time people are living more rewarding lives by building their careers, strengthening their finances, losing weight and getting in shape, deepening their faith, and nurturing stronger marriages and personal relationships. **YOU WANT LESS.** You want fewer distractions and less on your plate. The daily barrage of e-mails, texts, tweets, messages, and meetings distract you and stress you out. The simultaneous demands of work and family are taking a toll. And what's the cost? Second-rate work, missed deadlines, smaller paychecks, fewer promotions--and lots of stress. **AND YOU WANT MORE.** You want more productivity from your work. More income for a better lifestyle. You want more satisfaction from life, and more time for yourself, your family, and your friends. **NOW YOU CAN HAVE BOTH □ LESS AND MORE.** In *The ONE Thing*, you'll learn to * cut through the clutter * achieve better results in less time * build momentum toward your goal * dial down the stress * overcome that overwhelmed feeling * revive your energy * stay on track * master what matters to you *The ONE Thing* delivers extraordinary results in every area of your life--work, personal, family, and spiritual. **WHAT'S YOUR ONE THING?**

The Simple Things in God's Hands Mar 14 2021 During a time of a pandemic, the world seems to have lost hope in people, government and careers. There is hope! We have taken the simple things for granted. This book will teach you how to go to the park and sit without a cell phone. We have to learn to not get so distracted. We have to see the positive in everything around us. If it is just hearing a baby laughing, there is beauty in the laughter. Let's get back to the foundation of true happiness and peace.

The Next Right Thing Aug 07 2020 Nothing gets our attention like an unmade decision: Should I accept the new position? Which schooling choice is best for my kids? How can I support my aging parents? When we have a decision to make and the answer isn't clear, what we want more than anything is peace, clarity, and a nudge in the right direction. If you have trouble making decisions, because of either chronic hesitation you've always lived with or a more recent onset of decision fatigue, Emily P. Freeman offers a fresh way of practicing familiar but often forgotten advice: simply do the next right thing. With this simple, soulful practice, it is possible to clear the decision-making chaos, quiet the fear of choosing wrong, and find the courage to finally decide without regret or second-guessing. Whether you're in the midst of a major life transition or are weary of the low-grade anxiety that daily life can bring, Emily helps create space for your soul to breathe so you can live life with God at a gentle pace and discern your next right thing in love.

Thing Explainer Apr 26 2022 From the No. 1 bestselling author of *What If?* - the man who created xkcd and explained the laws of science with cartoons - comes a series of brilliantly simple diagrams ('blueprints' if you want to be complicated about it) that show how important things work: from the nuclear bomb to the biro. It's good to know what the parts of a thing are called, but it's much more interesting to know what they do. Richard Feynman once said that if you can't explain something to a first-year student, you don't really get it. In *Thing Explainer*,

Randall Munroe takes a quantum leap past this: he explains things using only drawings and a vocabulary of just our 1,000 (or the ten hundred) most common words. Many of the things we use every day - like our food-heating radio boxes ('microwaves'), our very tall roads ('bridges'), and our computer rooms ('datacentres') - are strange to us. So are the other worlds around our sun (the solar system), the big flat rocks we live on (tectonic plates), and even the stuff inside us (cells). Where do these things come from? How do they work? What do they look like if you open them up? And what would happen if we heated them up, cooled them down, pointed them in a different direction, or pressed this button? In Thing Explainer, Munroe gives us the answers to these questions and many, many more. Funny, interesting, and always understandable, this book is for anyone -- age 5 to 105 -- who has ever wondered how things work, and why.

50 Quick And Easy Freezer Recipes Apr 14 2021 Cooking delicious home made meals, you yourself have cooked, in advance and frozen is a great way yo save tie and not compromise on enjoying the food you love to eat. So if you are new to cooking and preparing you own meals, in advance and storing them for when you are too busy to start from fresh then you will love this book. Chapter 2- What Are Some Tips and Tricks to Preparing Freezer Meals? Chapter 3- How Do You Thaw Freezer Meals Safely Chapter 4- 10 Breakfast Freezer Meal Recipes Chapter 5- 10 Stews, Soup & Chili Freezer Meal Recipes Chapter 6- 10 Seafood And Poultry Freezer Meal Recipes Chapter 7- 10 Vegetarian Freezer Meal Recipes Chapter 8- 10 Dessert Freezer Meal Recipes Imagine coming home to a healthy, home cooked, that is nutritious and quick to warm up and cook after a long day at the office. You will have more time to do the things you enjoy doing and you will wonder why you never thought of cooking your own freezer meals before.

Faith and Practice Apr 02 2020 The Rt. Rev. Frank E. Wilson (1855-1944), late Bishop of Eau Claire, was perhaps the most prolific Episcopal writer of his era, authoring dozens of books geared to lay people. Over the years, his works have helped to renew the Church, encourage social and ecumenical progress, and provide guidance and insight to generations of Episcopalians. Faith and Practice's reaffirming message celebrates our unique Anglican way of thinking while calling us to act faithfully upon those beliefs. More than 50 years after its original publication, this timely book that explores core Christian beliefs, continues to inspire and instruct Anglicans throughout the world.

Anything But Simple Oct 01 2022 Like her grandmother, Lucinda J. Miller wears long dresses and a prayer covering. But she uses a cellphone and posts status updates on Facebook, too. Anything but Simple is the riveting memoir of a young woman's rich church tradition, lively family life, and longings for a meaningful future within her Mennonite faith. With a roving curiosity and a sometimes saucy tongue, Miller ushers us into her busy life as a young schoolteacher. Book 5 in the Plainspoken series. Hear straight from Amish and Mennonite people themselves as they write about their daily lives and deeply rooted faith in the Plainspoken series from Herald Press. Each book includes "A Day in the Life of the Author" and the author's answers to FAQs about the Amish and Mennonites.

True Grandeur Aug 26 2019 TRUE GRANDEUR is the tale of Conrad Arlington, a young man who moves to Los Angeles to pursue his lifelong dream of becoming a great artist. Within a few short years of his arrival, Conrad's success as a writer brings him to the attention of Gracie Garrison, a beautiful and alluring socialite whose glamorous lifestyle is just as mysterious as the rumors that surround her. After spending a spirited and adventurous night on the town together -- one fueled by an excess of beautiful people, extravagant parties, gallery openings, and the madness of a fallen director -- Conrad ultimately falls in love with her, believing them to be destined. However, when he awakens the next morning to find that Gracie is gone, he is distraught, and thus embarks on his relentless journey to find her, resulting in a tumultuous down spiral of passion, art, and romance as he searches his soul to try and uncover the greatest mystery of all -- true love. At its core, True Grandeur is not just a love story, but rather an in-depth study on contemporary romanticism, of how ideals shape one's need for individuality and importance, and of how sociological factors such as fame, wealth, and social class contribute to one's ability to receive -- or not receive -- true love. It's a story of what it means to feel deeply, and attempts to

accurately illustrate the internal progression that is the artist's journey.

Kant and Rational Psychology Jun 04 2020 Corey W. Dyck presents a new account of Kant's criticism of the rational investigation of the soul in his monumental *Critique of Pure Reason*, in light of its eighteenth-century German context. When characterizing the rational psychology that is Kant's target in the *Paralogisms of Pure Reason* chapter of the *Critique* commentators typically only refer to an approach to, and an account of, the soul found principally in the thought of Descartes and Leibniz. But Dyck argues that to do so is to overlook the distinctive rational psychology developed by Christian Wolff, which emphasized the empirical foundation of any rational cognition of the soul, and which was widely influential among eighteenth-century German philosophers, including Kant. In this book, Dyck reveals how the received conception of the aim and results of Kant's *Paralogisms* must be revised in light of a proper understanding of the rational psychology that is the most proximate target of Kant's attack. In particular, he contends that Kant's criticism hinges upon exposing the illusory basis of the rational psychologist's claims inasmuch as he falls prey to the appearance of the soul as being given in inner experience. Moreover, Dyck demonstrates that significant light can be shed on Kant's discussion of the soul's substantiality, simplicity, personality, and existence by considering the *Paralogisms* in this historical context.

12 Tiny Things Jan 24 2022 In a culture that says bigger is better, it is subversive work to take tiny, lasting steps toward learning and growth. In *12 Tiny Things* Ellie Roscher and Heidi Barr journey with us through twelve essential areas of life: space, work, spirituality, food, style, nature, communication, home, sensuality, creativity, learning, and community. In each of these areas, we are invited to take one tiny action that is sure to open up growth and renewal. *12 Tiny Things* guides us in curating a spiritual practice that promotes a more reflective, rooted, and intentional life. Regardless of how the ground feels underneath your feet, trust that there are roots there to tend. By trying on one tiny thing at a time, you can slowly, deliberately, and playfully remember who you are. You can nourish that being with tenderness. Together, we will reach and grow toward the sun.

The Cambridge Companion to Leibniz Nov 09 2020 Gottfried Leibniz was a remarkable thinker who made fundamental contributions not only to philosophy, but also to the development of modern mathematics and science. At the centre of Leibniz's philosophy stands his metaphysics, an ambitious attempt to discover the nature of reality through the use of unaided reason. This volume provides a systematic and comprehensive account of the full range of Leibniz's thought, exploring the metaphysics in detail and showing its subtle and complex relationship to his views on logic, language, physics, and theology. Other chapters examine the intellectual context of his thought and its reception in the eighteenth century. New readers and nonspecialists will find this the most accessible and comprehensive guide to Leibniz currently available. Advanced students and specialists will find a conspectus of recent developments in the interpretation of Leibniz.

Just One Thing Aug 19 2021 You've heard the expression, "It's the little things that count." Research has shown that little daily practices can change the way your brain works, too. This book offers simple brain-training practices you can do every day to protect against stress, lift your mood, and find greater emotional resilience. *Just One Thing* is a treasure chest of over fifty practices created specifically to deepen your sense of well-being and unconditional happiness. Just one practice each day can help you: Be good to yourself Enjoy life as it is Build on your strengths Be more effective at home and work Make peace with your emotions

The First 20 Hours Jul 26 2019 Forget the 10,000 hour rule—what if it's possible to learn the basics of any new skill in 20 hours or less? Take a moment to consider how many things you want to learn to do. What's on your list? What's holding you back from getting started? Are you worried about the time and effort it takes to acquire new skills—time you don't have and effort you can't spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever find that much time and energy? To make matters worse, the early hours of practicing something new are always the most frustrating. That's why it's difficult to learn how to speak a new language, play an instrument, hit a golf ball, or shoot great photos. It's so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition—how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you'll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You'll have a front row seat as he develops a personal yoga practice, writes his

own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your desired level of skill looks like, what you're trying to achieve, and what you'll be able to do when you're done. The more specific, the better. Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it's easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you're performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-up, fly an airplane, or juggle flaming chainsaws, *The First 20 Hours* will help you pick up the basics of any skill in record time . . . and have more fun along the way.

The 4-hour Chef Jun 28 2022 Presents a practical but unusual guide to mastering food and cooking featuring recipes and cooking tricks from world-renowned chefs.

[Plotinos : Complete Works](#) Feb 22 2022

Something Really New Jun 16 2021 CEO Refresher *The Best Books of 2007* Product innovation is the key to business growth. But many books deal with innovation from the business process view alone, or confuse innovation with creativity. Written by an innovation expert whose products generate more than one billion dollars in annual revenue, *Something Really New* introduces a straightforward but powerful framework for creating exciting new product and service concepts ... simply by asking three essential questions. From an electronic hotel kiosk that provides return airline boarding passes for guests, to something as mundane as the evolution of the toaster, the book provides entertaining, illuminating examples that show how to determine what customer needs aren't being met, using simple methods to arrive at revolutionary conclusions. For example, "What is a product really used for?" The question may seem elementary, but the right answer is far from obvious. This and other key questions demonstrate how readers can move beyond mere market research to get to the root of real innovation. Practical and eye-opening, this book shows companies how to take the kind of startling leaps that will leave their competition in the dust.

The Draw Any Animal Book Dec 11 2020 In the 1920s and 30s, French artist Robert Lambry (1902-1934) created a series of charming step-by-step lessons for drawing animals for a weekly children's paper. They were later compiled into a book *Les Animaux Tels Qu'ils Sont (Animals as They Are)* and now, almost 100 years later, these beautiful lineworks will guide you to drawing perfection. Lambry breaks down the process of drawing realistic animals into a series of simple shapes and lines, enabling you to recreate even the most complex creatures in just a few steps. Use the no-slip, wood-free pages to copy 100 wonderful animals including: Big creatures, like an elephant, rhino, giraffe, and hippo Small creatures, like a snail, frog, butterfly, beetle, spider, and fly All kinds of birds, like a swallow, peacock, turkey, heron, and swan Domestic animals, like a cat, dog, chicken, and cow A range of wild cats, like a tiger, lynx, lion, and panther Ocean creatures, like a whale, lobster, and seal And more! Indulge the temptation to pick up your pencil, follow these elegant examples, and learn to draw any animal the Lambry way.

[Smart and Simple Financial Strategies for Busy People](#) Dec 23 2021 Are you too busy to pay much attention to your money? Do you worry that maybe you haven't been doing the right things? This book is for you, from Jane Bryant Quinn, the most trusted voice in personal finance today. Her classic bestseller, *Making the Most of Your Money*, guided a generation toward smart and sensible financial choices. Here she strips away the extras, choosing the best financial ideas and products available today. They're all you need to create a successful and long-lasting financial plan. It's money management the No Worry way. To start with, she tells you to forget all the complicated stuff the financial industry sells. You don't need it, it costs too much, and some of it is downright bad. It's designed to make the banks, brokers, and insurance companies rich, not you. The best ideas (a super-short list!) are simple, low in cost, and easy to use. They're also sophisticated and smart. The strategies shown here are followed by some of the most successful planners and money managers around today, yet they're something everyone can understand. They'll give you what you need from your money -- regular savings, financial security, long-term investment growth, personal control, and best of all, peace of mind. Once you've set up a No Worry

plan, you won't have to pay much attention to it. The choices you'll find here are all good ones. All you have to do is arrange for automatic payments and contributions and then get on with the rest of your busy life. You can focus your energies on your job, family, leisure, and friends, secure in the knowledge that your finances are okay. Here's what you'll do on the No Worry plan: Save more money without feeling pinched Get rid of debt the automatic way Keep yourself safe, with the right amount of insurance at the lowest cost Zero in on the right mortgage, every time Pick the best college savings plan for your kids Understand your finances, in ways you never did before Find the smartest and simplest ways of investing money, to earn superior returns over the long run The investment ideas alone will open your eyes to the newest strategies for accumulating wealth (without making big mistakes!). Jane Bryant Quinn will change the way you think about money. She has the answers busy people need.

Herbal Voices Feb 10 2021 Learn how traditional herbal practitioners are responding to the sudden, massive popularity of herbal medicine! Herbal Voices: American Herbalism Through the Words of American Herbalists examines how herbal practitioners who started in the 1960s and 1970s are reacting to the mainstream popularity of herbal medicine today. This unique book features interviews with 20 of America's most prominent herbalists—focusing on their careers, their beliefs, and their perspectives on the contemporary herbal product boom

in recent years. Also included is important information on herbal organizations, publications, schools, and companies where seeds and rootstock of endangered medicinal plants can be obtained, as well as a list of the United Plant Savers' "At Risk" and "To Watch" medicinal plants. Herbal Voices synthesizes the words of a representative group of herbalists into a compelling picture of modern American herbalism as they offer their opinions on the roles of science, folklore, and spirituality in herbal medicine. This timely resource addresses controversial issues that arise within the herbal community, such as the endangered plant crisis, professionalism and licensure, and shifting the American consciousness toward a more Earth-centered way of life and health. In Herbal Voices, you'll hear from many well-known herbal practitioners, including: Rosemary Gladstar—founder of The California School of Herbal Studies and United Plant Savers, co-founder of Sage Mountain Herbs, and author of Herbal Healing for Women and of the Sage Healing Way series James Green—former Director of The California School of Herbal Studies, a member of the advisory committee for United Plant Savers, and author of both The Herbal Medicine-Makers Handbook and The Male Herbal David Hoffmann—Fellow of Britain's National Institute of Medical Herbalists, former President of the American Herbalists Guild, and author of The New Holistic Herbal, An Elder's Herbal, and Therapeutic Herbalism Richo Cech—herbalist, owner of Horizon Herbs, executive board member of United Plant Savers, and author of Growing Your Garden Pharmacy Sharol Tilgner—licensed naturopathic physician, founder and current President of Wise Woman Herbs, Inc., editor of Herbal Transitions, associate editor of Medical Herbalism, and author of Herbal Medicines From the Heart of the Earth For the first time, these leading educators, clinicians, and business owners share the joys and pitfalls of practicing an age-old healing tradition in modern America. This rich resource of reflections fills a gap in the existing literature that will be useful for herbalists, herbal enthusiasts, historians, anthropologists, popular culturists, and holistic/alternative medical practitioners.

French Kids Eat Everything Nov 29 2019 French Kids Eat Everything is a wonderfully wry account of how Karen Le Billon was able to alter her children's deep-rooted, decidedly unhealthy North American eating habits while they were all living in France. At once a memoir, a cookbook, a how-to handbook, and a delightful exploration of how the French manage to feed children without endless battles and struggles with pickiness, French Kids Eat Everything features recipes, practical tips, and ten easy-to-follow rules for raising happy and healthy young eaters—a sort of French Women Don't Get Fat meets Food Rules.

Twirled Paper Jul 30 2022 In 2006, Klutz introduced a book on the venerable art of quilling. The topic was given a fresh, friendly spin, with plenty of kid-appealing projects and bright, juicy colour. More than 400,000 copies later Twirled Paper is still going strong. Kids-and adults-love creating quirky, curly artwork out of strips of coloured paper, and now a whole new generation can be introduced to the wonderful world of Twirled Paper.

How to Quit Anything in 5 Simple Steps Aug 31 2022 After more than 3 decades of helping people feel better, nationally known speaker Dianne A. Allen brings to life her powerful formula for success. There is a fundamental opportunity for joy and freedom within our grasp--yet most of us simply miss it! The answers are here; we need only to accept them and allow them to assist us with our daily lives. Many people keep trying to fight their way to happiness. Fighting only makes things worse. By uncovering and applying just five simple steps, each of us can truly live our hearts' desires and be free of the limitations that bind us. This book offers a living and vibrant way to become free from the trance of human pain and torment. Success in life is attained by following the simple daily plan created to help motivate and inspire readers. There are many paradigms for creating your life; find what inspires you to excel in How to Quit Anything in Five Simple Steps.

The Draw Anything Book Nov 02 2022 In the 1920s and 30s, French artist Robert Lambry (1902–1934) created a series of charming step-by-step lessons for drawing for a weekly children's paper. Now, almost 100 years later, his beautiful lineworks will guide you to drawing perfection. With over 150 easy-to-follow drawings, this visual reference book offers instructions for drawing animals, people, plants, food, everyday objects, buildings, vehicles, clothing, and more. In Lambry's stylistically vintage form, drawing is easy and the outcome is timeless. From apples to airplanes and zebras to zoo animals, the book makes it easy to draw just about anything! Lambry breaks down the process of drawing into a series of simple shapes and lines, enabling you to recreate even the most complex things in just a few steps. Use the no-slip, woodfree pages to copy the wonderful art. The simple step-by-step illustrations make this book perfect for beginners or experienced artists looking for quick sketching techniques. The content is perfect for illustrators, cartoonists, and graphic artists who need to create storyboards

with simple ideas. It also includes prompts and practice pages for perfecting your artwork. You won't be able to resist the temptation to pick up your pencil, follow these elegant examples, and learn to draw everything the Lambry way.

STTS: Think Smart, Work Smarter Oct 28 2019 Your mind produces up to 70,000 thoughts a day—most of which are responsible for the decisions that you make. These decisions also determine your success both professionally and personally. However, we are taught what to think and not how to think. Information overload, short time frames and past failures can make even simple decisions and problems daunting. Do you lack confidence in your problem solving ability? Do you feel anxious when faced with a tough decision, or overwhelmed by lots of alternatives? Do you wish there was a formula for getting everything right? Executive coach and educator, Tremaine du Preez, fills this book with practical tools and effective techniques, all presented in a clear and practical manner. Making the right decision will be a breeze and no problem will be too difficult to handle when you are armed with these new and proven strategies.

The Checklist Manifesto Jun 24 2019 The New York Times bestselling author of Being Mortal and Complications reveals the surprising power of the ordinary checklist We live in a world of great and increasing complexity, where even the most expert professionals struggle to master the tasks they face. Longer training, ever more advanced technologies—neither seems to prevent grievous errors. But in a hopeful turn, acclaimed surgeon and writer Atul Gawande finds a remedy in the humblest and simplest of techniques: the checklist. First introduced decades ago by the U.S. Air Force, checklists have enabled pilots to fly aircraft of mind-boggling sophistication. Now innovative checklists are being adopted in hospitals around the world, helping doctors and nurses respond to everything from flu epidemics to avalanches. Even in the immensely complex world of surgery, a simple ninety-second variant has cut the rate of fatalities by more than a third. In riveting stories, Gawande takes us from Austria, where an emergency checklist saved a drowning victim who had spent half an hour underwater, to Michigan, where a cleanliness checklist in intensive care units virtually eliminated a type of deadly hospital infection. He explains how checklists actually work to prompt striking and immediate improvements. And he follows the checklist revolution into fields well beyond medicine, from disaster response to investment banking, skyscraper construction, and businesses of all kinds. An intellectual adventure in which lives are lost and saved and one simple idea makes a tremendous difference, The Checklist Manifesto is essential reading for anyone working to get things right.

Book of Even More Awesome Sep 27 2019 Based on the award-winning blog 1000 Awesome Things, The Book of (Even More) Awesome is the sequel to Pasricha's bestselling The Book of Awesome. It is filled with more of the little wins that unexpectedly brighten your day. Finally getting that tiny piece of popcorn out of your teeth, accidentally doing something really good in sports, when a baby falls asleep on you, the moment on holiday when you forget what day of the week it is, waking up to the smell of sizzling bacon. While polar ice caps melt, buzz saws chop down forests, wars go on and on, here's a special, secret place where we can turn off that bright light, snuggle up and get comfy to chat about the sweetest parts of life. Filled with touching, astute and funny observations, each entry ends with the big, booming feeling you'll get when you read through them: AWESOME!

Ketogenic Diet Crash Course Dec 31 2019 How to Turn Your Body into a Fat-Burning Machine Do you like what you see in the mirror? Are you avoiding social situations, dressing room mirrors or romantic advances because of how you feel about your body? Are you missing out on life? Not being able to enjoy simple activities with your loved ones? What if there really is an effective way to lose 5, 10, 30 or more pounds? If you're reading this then it's a sign that you're ready for a change. Everything happens for a reason and today is your day. Being trim and healthy is very attractive, no matter how we look at it, and highly valued in our society. This we cannot change, but we can take complete control of our own body. Step into your new body. Imagine getting compliments from friends, co-workers and members of the opposite sex. How does that feel? This guide cuts through the misconceptions about the low-carbohydrate diet, giving you the facts and figures, and taking all the guess-work out of losing weight. But this is not just a guide about losing weight - it's specifically crafted for optimally losing fat. Robert M. Fleischer has distilled years of research and experience to make it not only possible for you to look your best, but to do it in an easy and enjoyable way. In "Ketogenic Diet Crash Course"

you'll discover: The difference between the Ketogenic diet and the Atkins diet, and how to avoid a mistake many people make unknowingly The no.1 cause of belly fat, and how to get rid of it easily (this piece of information alone is almost priceless) How to use technology you already have at your fingertips to make your weight-loss journey a lot easier and more effective How to boost your metabolism and burn more fat How to train your body to use fat instead of carbs How to get results with a low-carb diet without starving yourself
