Pillars in the History of Biblical Interpretation, Volume 2 Dec 31

2019 This two-volume set is part of a growing body of literature concerned with the history of biblical interpretation. The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment, identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed. Volume 1 contains fourteen essays on twenty-two interpreters who were principally active before 1980, and volume 2 has nineteen essays on twenty-seven of those who were active primarily after this date. Each chapter provides a brief biography of one or more scholars, as well as a detailed description of their major contributions to the field. This is followed by an (often new) application of the scholar's theory. By focusing on the individual scholars and their work, the book recognizes that interpretive approaches arise out of certain circumstances, and that scholars are influenced by, and have influences upon, both other interpreters and the times in which they live. This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed.

Why I Stay 2 Feb 22 2022 Twenty-one women and men discuss what it is about Mormonism that keeps them part of the fold. Their deep, unique experiences make their individual travels even more compelling.

Kimberly Applewhite Teitter, growing up in the South as a Black Latter-day Saint, often encountered well-meaning Latter-day Saints whose words messaged the idea that she was at some level an outsider or perhaps not as authentically Mormon as others in her congregation.

Thus, she writes, "At the end of the day I'm still Black--still have felt the weight of proving that I represent the church I've fought so hard for my entire life." Yet the very episodes that could have driven her from the church became lessons on the meaning of discipleship.

Stays and Corsets Volume 2 Oct 01 2022 In this second volume of *Stays and Corsets*, Mandy Barrington continues to create historical patterns for a modern body shape. This book contains all new corset patterns with a range of silhouettes that span over 300 years, from the late 16th century to the early 20th century. The corset patterns are generated from an original historical garment and have been designed for a wide range of female figures and sizes. The technique of flat pattern drafting your stays or corset will enable you to change the shape of the wearer to create an authentic historic silhouette. All calculations have been worked out for the reader and are provided in easy-to-read tables, which avoids extremely difficult, time-consuming and inaccurate re-sizing of historical patterns. Some prior knowledge of pattern drafting is helpful; however, each pattern has step-by-step instructions supported by clear diagrams that will take you through each stage of the pattern drafting process. The final result is an accurate period stays or corset pattern for your model.

Occupants Sep 27 2019 For the past 25 years, Henry Rollins has photographed the most desolate and inhospitable corners of the Earth, and his powerful vision has been harnessed in this photographic essay. Though he is known for the raw power of his expression, Rollins has shown that the greatest statements can be made with the simplest of acts: to bear witness; to be present. This collection is an invitation to do the same. The book pairs Rollins' visceral photographs--taken in Afghanistan, Bangladesh, Burma, Cambodia, India, Indonesia, Kuwait,

Kyrgyzstan, Mali, Nepal, North Korea, Northern Ireland, Saudi Arabia, Siberia, Sri Lanka, Thailand, and Vietnam--with writings that provide context and political commentary and thereby magnify the impact of the images. This is a visual testimony of anger, suffering, resilience in the face of tragedy, and the quiet, stronger forces of healing, solidarity, faith, and joy.
