Mako Mar 14 2021 Mako Sloane is a CIA legend, but his dizzying rise to stardom in Moscow is matched by his precipitous fall from grace after he discovers a secret that vested interests in both Russia and the U.S. want to keep quiet. Ten years after Mako's mysterious disappearance, investigative reporter Max Crandall is writing Sloane's unauthorized biography. Max's research inadvertently dredges up ghosts from the past, and he finds himself the target of a manhunt as unidentified operatives try to derail his project. Max lures Mako out of self-imposed exile, and the two discover the truth behind a bizarre conspiracy that threatens to send the world spiraling into a superpower confrontation of unprecedented proportions.

Nothing Week Aug 19 2021 'Nothing Week' is the other week following pay-week when those with something left in their pockets contribute to the well-being of others whose meagre income has been largely absorbed by 'book-up' or gambling. Set in the remote South Australian township of Oodnadatta on the

edge of the Simpson Desert, this enriching narrative offers a bridge into Aboriginal culture following the ups and downs which typify life in that unique community. A number of contemporary social and political issues are discussed in the context of a fictional five-week slice of time from the third week of May through to June.

Drilling Course for Hiring on Onshore Drilling Rigs Mar 02 2020

This course provides a non-technical overview of the phases, operations and terminology used on onshore drilling rigs. It is intended also for non-drilling personnel who work in the onshore drilling, exploration and production industry. This includes logistics personnel, accounting, administrative and support staff, environmental professionals, etc. No prior experience or knowledge of drilling operations is required. This course will provide participants a better understanding of the issues faced in all aspects of drilling operations, with a particular focus on the unique aspects of onshore operations.
