Brotopia Jan 19 2022 Instant National Bestseller A PBS NewsHour-New York Times Book Club Pick "Excellent." —San Francisco Chronicle Silicon Valley is a modern utopia where anyone can change the world. Unless you're a woman. It's time to break up the boys' club. Incisive, powerful, and a fierce rallying cry, Emily Chang shows us how to fix Silicon Valley's toxic culture--to bring down Brotopia, once and for all. Silicon Valley is not a fantasyland of unicorns, virtual reality rainbows, and 3D-printed lollipops for women in tech. Instead, it's a "Brotopia," where men hold the cards and make the rules. While millions of dollars may seem to grow on trees in this land of innovation, tech's aggressive, misogynistic, work-at-all costs culture has shut women out of the greatest wealth creation in the history of the world. Brotopia reveals how Silicon Valley got so sexist despite its utopian ideals, why bro culture endures even as its companies claim the moral high ground, and how women are speaking out and fighting back. Drawing on her deep network of Silicon Valley insiders, Chang opens the boardroom doors of male-dominated venture capital firms like Kleiner Perkins, the subject of Ellen Pao's high-profile gender discrimination lawsuit, and Sequoia, where a partner once famously said they "won't lower their standards" just to hire women. Exposing the flawed logic in common excuses for why tech

has long suffered the “pipeline” problem and invests in the delusion of meritocracy, Brotopia also shows how bias coded into AI, internet troll culture, and the reliance on pattern recognition harms not just women in tech but us all, and at unprecedented scale.

Dragon Springs Road May 23 2022 From the author of *Three Souls* comes a vividly imagined and haunting new novel set in early 20th century Shanghai—a story of friendship, heartbreak, and history that follows a young Eurasian orphan’s search for her long-lost mother. That night I dreamed that I had wandered out to Dragon Springs Road all on my own, when a dreadful knowledge seized me that my mother had gone away never to return . . . In 1908, Jialing is only seven years old when she is abandoned in the courtyard of a once-lavish estate near Shanghai. Jialing is zazhong—Eurasian—and faces a lifetime of contempt from both Chinese and Europeans. Without her mother’s protection, she can survive only if the estate’s new owners, the Yang family, agree to take her in. Jialing finds allies in Anjuin, the eldest Yang daughter, and Fox, an animal spirit who has lived in the haunted courtyard for centuries. But Jialing’s life as the Yangs’ bondservant changes unexpectedly when she befriends a young English girl who then mysteriously vanishes. Always hopeful of finding her long-lost mother, Jialing grows into womanhood during the tumultuous early years of the Chinese republic, guided by Fox and by her own strength of spirit, away from the shadows of her past. But she finds herself drawn into a murder at the periphery of political intrigue, a relationship that jeopardizes her friendship with Anjuin and a forbidden affair that brings danger to the man she loves.

From Eileen Chang to Ang Lee Nov 24 2019 In 2007, Ang Lee made an espionage thriller based on the short story “Lust, Caution” by Eileen Chang, China’s most famous female author of the twentieth century. The release of the film became a trigger for heated debates on issues of national identity and political loyalty, and brought unexpectedly harsh criticism from China, where Ang Lee was labelled a traitor in scathing internet critiques, whilst the film’s leading actress Tang Wei was banned from appearing on screen for two years. This book analyses Ang Lee’s art of film adaptation through the lens of modern literary and film theory, as well as featuring detailed readings and analyses of different dialogues and scenes, directorial and authorial decisions and intentions, while at the same time confronting the intense political debates resulting from the film’s subject matter. The theories of Freud, Lacan, Deleuze, Bataille and others are used to identify and clarify issues raised by the film related to gender, sexuality, eroticism, power, manipulation, and betrayal; the themes of lust and caution are dealt with in conjunction with the controversial issues of contemporary political consciousness concerning

patriotism, and the Sino-Japanese War complicated by divided historical experiences and cross-Taiwan Strait relationships. The contributors to this volume cover translation and adaptation, loyalty and betrayal, collaboration and manipulation, playing roles and performativity, whilst at the same time intertwining these with issues of national identity, political loyalty, collective memory, and gender. As such, the book will appeal to students and scholars of Chinese and Asian cinema and literature, as well as those interested in modern Chinese history and cultural studies.

Chemistry Oct 28 2022 Designed for the two-semester general chemistry course, Chang's best-selling textbook continues to take a traditional approach and is often considered a student and teacher favorite. The book features a straightforward, clear writing style and proven problem-solving strategies. It continues the tradition of providing a firm foundation in chemical concepts and principles while presenting a broad range of topics in a clear, concise manner. The tradition of "Chemistry" has a new addition with co-author, Kenneth Goldsby from Florida State University, adding variations to the 11th edition. The organization of the chapter order has changed with nuclear chemistry moving up in the chapter order. There is a new problem type - Interpreting, Modeling, and Estimating - fully demonstrating what a real life chemist does on a daily basis. The authors have added over 340 new problems to the book. The new edition of "Chemistry" continues to strike a balance between theory and application by incorporating real examples and helping students visualize the three-dimensional atomic and molecular structures that are the basis of chemical activity. An integral part of the text is to develop students' problem-solving and critical thinking skills. The 11th edition continues to deliver the integration of tools designed to inspire both students and instructors. Effective technology is integrated throughout the book.

Wild Swans Mar 21 2022 The story of three generations in twentieth-century China that blends the intimacy of memoir and the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao's impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord's concubine; her mother's struggles as a young idealistic Communist; and her parents' experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a "barefoot doctor," a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.

The Rape Of Nanking Apr 29 2020 The New York Times bestselling account of one of history's most brutal -- and forgotten -- massacres, when the Japanese army destroyed China's capital city on the eve of World War II In December 1937, one of the most horrific atrocities in the long annals of wartime barbarity occurred. The Japanese army swept into the ancient city of Nanking (what was then the capital of China), and within weeks, more than 300,000 Chinese civilians and soldiers were systematically raped, tortured, and murdered. In this seminal work, Iris Chang, whose own grandparents barely escaped the massacre, tells this history from three perspectives: that of the Japanese soldiers, that of the Chinese, and that of a group of Westerners who refused to abandon the city and created a safety zone, which saved almost 300,000 Chinese. Drawing on extensive interviews with survivors and documents brought to light for the first time, Iris Chang's classic book is the definitive history of this horrifying episode. "Chang vividly, methodically, records what happened, piecing together the abundant eyewitness reports into an undeniable tapestry of horror." - Adam Hochschild, Salon!--[if !supportAnnotations]-- !--[if !supportAnnotations]-- !--[endif]--

The Lives of Chang & Eng Dec 18 2021 Chronicles Chang and Eng Bunkers' history, their sometimes raucous journey through antebellum America, their domestic lives in North Carolina and what their fame revealed about the changing racial and cultural landscape of the United States.

The Color of the Land Sep 03 2020 The Color of the Land brings the histories of Creek Indians, African Americans, and whites in Oklahoma together into one story that explores the way races and nations were made and remade in conflicts over who would own land, who would farm it, and who would rule it. This story disrupts expected narratives of the American past, revealing how identities--race, nation, and class--took new forms in struggles over the creation of different systems of property. Conflicts were unleashed by a series of sweeping changes: the forced "removal" of the Creeks from their homeland to Oklahoma in the 1830s, the transformation of the Creeks' enslaved black population into landed black Creek citizens after the Civil War, the imposition of statehood and private landownership at the turn of the twentieth century, and the entrenchment of a sharecropping economy and white supremacy in the following decades. In struggles over land, wealth, and power, Oklahomans actively defined and redefined what it meant to be Native American, African American, or white. By telling this story, David Chang contributes to the history of racial construction and nationalism as well as to southern, western, and Native American history.

The Library of Legends Nov 17 2021 "The Library of Legends is a gorgeous, poetic journey threaded with mist and magic about a group from a Chinese university who take to the road to escape the Japanese invasion of 1937 – only to discover that danger stalks them from within. Janie Chang pens pure enchantment!" —Kate Quinn, New York Times and USA Today bestselling author of *The Alice Network* and *The Huntress* From the author of *Three Souls* and *Dragon Springs Road* comes a captivating historical novel—the third in a loosely-connected trilogy—in which a young woman travels across China with a convoy of student refugees, fleeing the hostilities of a brutal war with Japan. "Myths are the darkest and brightest incarnations of who we are..." China, 1937: When Japanese bombs begin falling on the city of Nanking, nineteen-year-old Hu Lian and her classmates at Minghua University are ordered to flee. Lian and a convoy of more than a hundred students, faculty, and staff must walk a thousand miles to the safety of China's western provinces, a journey marred by hunger, cold, and the constant threat of aerial attack. And it is not just the student refugees who are at risk: Lian and her classmates have been entrusted with a priceless treasure, a 500-year-old collection of myths and folklore known as the Library of Legends. Her family's past has made Lian wary of forming attachments, but the students' common duty to safeguard the Library of Legends forms unexpected bonds. Lian finds friendship and a cautious romance with the handsome and wealthy Liu Shaoming. But after one classmate is murdered and another arrested, Lian realizes she must escape from the convoy before a family secret puts her in danger. Accompanied by Shao and the enigmatic maidservant Sparrow, Lian makes her way to Shanghai, hoping to reunite with her mother. On the journey, Lian learns of the connection between her two companions and a tale from the Library of Legends, *The Willow Star and the Prince*. Learning Shao and Sparrow's true identities compels Lian to confront her feelings for Shao. But there are broader consequences too, for as the ancient books travel across China, they awaken immortals and guardian spirits to embark on an exodus of their own, one that changes the country's fate forever. Based on true events, rich in Chinese history and lore, *The Library of Legends* is both an illuminating exploration of China's recent past and an evocative tale of love, sacrifice, and the extraordinary power of storytelling.

the extraordinary depth and range of his talent. *A Gesture Life* is the story of a proper man, an upstanding citizen who has come to epitomize the decorous values of his New York suburban town. Courteous, honest, hardworking, and impenetrable, Franklin Hata, a Japanese man of Korean birth, is careful never to overstep his boundaries and to make his neighbors comfortable in his presence. Gradually we learn the mystery that has shaped the core of his being: his terrible, forbidden love for a young Korean Comfort Woman when he served as a medic in the Japanese army during World War II. In *A Gesture Life*, Chang-rae Lee leads us with dazzling control through a taut, suspenseful story about love, family, and community—and the secrets we harbor. Written on Water Mar 09 2021 Now back in print, these witty, insightful essays on fashion, cinema, wartime, and everyday life demonstrate why Eileen Chang was and is a major icon of twentieth-century Chinese literature. Eileen Chang is one of the most celebrated and influential modern Chinese novelists and cultural critics of the twentieth century. First published in 1945 and as beloved as her fiction in the Chinese-speaking world, *Written on Water* collects Chang's reflections on art, literature, war, urban culture, and her own life as a writer and woman, set amid the sights and sounds of wartime Shanghai and Hong Kong. In a style at once meditative and vibrant, Chang writes of friends, colleagues, and teachers turned soldiers or wartime volunteers, and of her own experiences as a part-time nurse. She also reflects on Chinese cinema, the aims of the writer, and the popularity of the Peking Opera. Chang engages the reader with her sly and sophisticated humor, conversational voice, and intense fascination with the subtleties of everyday life. In her examination of Shanghai food, culture, and fashions, she not only reveals but also upends prevalent attitudes toward women, presenting a portrait of a daring and cosmopolitan woman bent on questioning pieties and enjoying the pleasures of modernity, even as the world convulses in war and a revolution looms.

Written on Water Aug 26 2022 "These firsthand accounts examine the subtle and not-so-subtle effects of the Japanese bombing and occupation of Shanghai and Hong Kong. Eileen Chang writes of friends, colleagues, and teachers turned soldiers or wartime volunteers, and her own experiences as a part-time nurse. Her nuanced depictions range from observations of how a woman's elegant dress affects morale to descriptions of hospital life."--BOOK JACKET.

My Year Abroad Nov 05 2020 INSTANT NATIONAL BESTSELLER A New York Times Notable Book * Named a Best Book of the Year by Vogue, TIME, and Marie Claire "A manifesto to happiness—the one found when you stop running from who you are." –New York Times Book Review "An extraordinary book, acrobatic on the level of the sentence, symphonic across its many movements—and this is a book that moves... *My Year Abroad* is a wild ride—a caper, a romance, a bildungsroman, and something of a satire of how to get filthy rich in rising Asia." – Vogue From the award-winning author of *Native Speaker* and *On Such a Full Sea*, an exuberant, provocative story about a young American life transformed by an unusual Asian adventure – and about the human capacities for pleasure, pain, and connection. Tiller is an average American college student with a good heart but minimal aspirations. Pong Lou is a larger-than-life, wildly creative Chinese American entrepreneur who

sees something intriguing in Tiller beyond his bored exterior and takes him under his wing. When Pong brings him along on a boisterous trip across Asia, Tiller is catapulted from ordinary young man to talented protégé, and pulled into a series of ever more extreme and eye-opening experiences that transform his view of the world, of Pong, and of himself. In the breathtaking, “precise, elliptical prose” that Chang-rae Lee is known for (The New York Times), the narrative alternates between Tiller’s outlandish, mind-boggling year with Pong and the strange, riveting, emotionally complex domestic life that follows it, as Tiller processes what happened to him abroad and what it means for his future. Rich with commentary on Western attitudes, Eastern stereotypes, capitalism, global trade, mental health, parenthood, mentorship, and more, *My Year Abroad* is also an exploration of the surprising effects of cultural immersion—on a young American in Asia, on a Chinese man in America, and on an unlikely couple hiding out in the suburbs. Tinged at once with humor and darkness, electric with its accumulating surprises and suspense, *My Year Abroad* is a novel that only Chang-rae Lee could have written, and one that will be read and discussed for years to come.

Economics: The User's Guide Feb 26 2020 From the internationally bestselling author and prizewinning economist—a highly original guide to the global economy. In his bestselling *23 Things They Don't Tell You About Capitalism*, Cambridge economist Ha-Joon Chang brilliantly debunked many of the predominant myths of neoclassical economics. Now, in an entertaining and accessible primer, he explains how the global economy actually works—in real-world terms. Writing with irreverent wit, a deep knowledge of history, and a disregard for conventional economic pieties, Chang offers insights that will never be found in the textbooks. Unlike many economists, who present only one view of their discipline, Chang introduces a wide range of economic theories, from classical to Keynesian, revealing how each has its strengths and weaknesses, and why there is no one way to explain economic behavior. Instead, by ignoring the received wisdom and exposing the myriad forces that shape our financial world, Chang gives us the tools we need to understand our increasingly global and interconnected world often driven by economics. From the future of the Euro, inequality in China, or the condition of the American manufacturing industry here in the United States—*Economics: The User's Guide* is a concise and expertly crafted guide to economic fundamentals that offers a clear and accurate picture of the global economy and how and why it affects our daily lives.

The Chinese in America Jul 01 2020 A quintessentially American story chronicling Chinese American achievement in the face of institutionalized racism by the New York Times bestselling author of *The Rape of Nanking* In an epic story that spans 150 years and continues to the present day, Iris Chang tells of a people’s search for a better life—the determination of the Chinese to forge an identity and a destiny in a strange land and, often against great obstacles, to find success. She chronicles the many accomplishments in America of Chinese immigrants and their descendents: building the infrastructure of their adopted country, fighting racist and exclusionary laws and anti-Asian violence, contributing to major scientific and technological advances, expanding the literary canon, and influencing the way we think about racial and ethnic groups. Interweaving political, social, economic, and cultural history, as well as the stories of individuals, Chang offers a bracing view not only of what it means to be Chinese American, but also of what it is to be American.

Eileen Chang Apr 10 2021 Eileen Chang (1920–1995) is arguably the most perceptive writer in modern Chinese literature. She was one of the most popular writers in 1940s Shanghai, but her insistence on writing about individual human relationships and mundane matters rather than revolutionary and political movements meant that in mainland China, she was neglected until very recently. Outside the mainland, her life and writings never ceased to fascinate Chinese readers. There are hundreds of works about her in the Chinese language but very few in other languages. This is the first work in English to explore her earliest short stories as well as novels that were published posthumously. It discusses the

translation of her stories for film and stage presentation, as well as nonliterary aspects of her life that are essential for a more comprehensive understanding of her writings, including her intense concern for privacy and enduring sensitivity to her public image. The thirteen essays examine the fidelity and betrayals that dominate her alter ego's relationships with parents and lovers, informed by theories and methodologies from a range of disciplines including literary, historical, gender, and film studies. These relationships are frequently dramatized in plays and filmic translations of her work.

Three Souls Aug 02 2020 An absorbing novel of romance and revolution, loyalty and family, sacrifice and undying love We have three souls, or so I'd been told. But only in death could I confirm this.... So begins the haunting and captivating tale, set in 1935 China, of the ghost of a young woman named Leiyin, who watches her own funeral from above and wonders why she is being denied entry to the afterlife. Beside her are three souls—stern and scholarly yang; impulsive, romantic yin; and wise, shining hun—who will guide her toward understanding. She must, they tell her, make amends. As Leiyin delves back in time with the three souls to review her life, she sees the spoiled and privileged teenager she once was, a girl who is concerned with her own desires while China is fractured by civil war and social upheaval. At a party, she meets Hanchin, a captivating left-wing poet and translator, and instantly falls in love with him. When Leiyin defies her father to pursue Hanchin, she learns the harsh truth—that she is powerless over her fate. Her punishment for disobedience leads to exile, an unwanted marriage, a pregnancy, and, ultimately, her death. And when she discovers what she must do to be released from limbo into the afterlife, Leiyin realizes that the time for making amends is shorter than she thought. Suffused with history and literature, *Three Souls* is an epic tale of revenge and betrayal, forbidden love, and the price we are willing to pay for freedom.

23 Things They Don't Tell You about Capitalism Oct 24 2019 INTERNATIONAL BESTSELLER "For anyone who wants to understand capitalism not as economists or politicians have pictured it but as it actually operates, this book will be invaluable."-Observer (UK) If you've wondered how we did not see the economic collapse coming, Ha-Joon Chang knows the answer: We didn't ask what they didn't tell us about capitalism. This is a lighthearted book with a serious purpose: to question the assumptions behind the dogma and sheer hype that the dominant school of neoliberal economists—the apostles of the freemarket—have spun since the Age of Reagan. Chang, the author of the international bestseller *Bad Samaritans*, is one of the world's most respected economists, a voice of sanity—and wit—in the tradition of John Kenneth Galbraith and Joseph Stiglitz. *23 Things They Don't Tell You About Capitalism* equips readers with an understanding of how global capitalism works—and doesn't. In his final chapter, "How to Rebuild the World," Chang offers a vision of how we can shape capitalism to humane ends, instead of becoming slaves of the market.

For the next four years, Ling will suffer more horrors than many people face in a lifetime. Will she be able to grow and blossom under the oppressive rule of Chairman Mao? Or will fighting to survive destroy her spirit—and end her life? *Revolution Is Not a Dinner Party* is a 2008 Bank Street - Best Children's Book of the Year.

Obit Sep 27 2022 After her mother died, poet Victoria Chang refused to write elegies. Rather, she distilled her grief during a feverish two weeks by writing scores of poetic obituaries for all she lost in the world. In *Obit*, Chang writes of “the way memory gets up after someone has died and starts walking.”

These poems reinvent the form of newspaper obituary to both name what has died (“civility,” “language,” “the future,” “Mother’s blue dress”) and the cultural impact of death on the living. Whereas elegy attempts to immortalize the dead, an obituary expresses loss, and the love for the dead becomes a conduit for self-expression. In this unflinching and lyrical book, Chang meets her grief and creates a powerful testament for the living.

Love in a Fallen City Jul 13 2021 Masterful short works about passion, family, and human relationships by one of the greatest writers of 20th century China. A New York Review Books Original “[A] giant of modern Chinese literature” –The New York Times “With language as sharp as a knife edge, Eileen Chang cut open a huge divide in Chinese culture, between the classical patriarchy and our troubled modernity. She was one of the very few able truly to connect that divide, just as her heroines often disappeared inside it. She is the fallen angel of Chinese literature, and now, with these excellent new translations, English readers can discover why she is so revered by Chinese readers everywhere.” –Ang Lee Eileen Chang is one of the great writers of twentieth-century China, where she enjoys a passionate following both on the mainland and in Taiwan. At the heart of Chang’s achievement is her short fiction—tales of love, longing, and the shifting and endlessly treacherous shoals of family life. Written when Chang was still in her twenties, these extraordinary stories combine an unsettled, probing, utterly contemporary sensibility, keenly alert to sexual politics and psychological ambiguity, with an intense lyricism that echoes the classics of Chinese literature. *Love in a Fallen City*, the first collection in English of this dazzling body of work, introduces American readers to the stark and glamorous vision of a modern master.

Mao Jan 07 2021 The most authoritative life of the Chinese leader ever written, *Mao: The Unknown Story* is based on a decade of research, and on interviews with many of Mao’s close circle in China who have never talked before — and with virtually everyone outside China who had significant dealings with him. It is full of startling revelations, exploding the myth of the Long March, and showing a completely unknown Mao: he was not driven by idealism or ideology; his intimate and intricate relationship with Stalin went back to the 1920s, ultimately bringing him to power; he welcomed Japanese occupation of much of China; and he schemed, poisoned, and blackmailed to get his way. After Mao conquered China in 1949, his secret goal was to dominate the world. In chasing this dream he caused the deaths of 38 million people in the greatest famine in history. In all, well over 70 million Chinese perished under Mao’s rule — in peacetime.

But when the brothers reunite in Haven, the Chao family's secrets and simmering resentments erupt at last. Before long, brash, charismatic, and tyrannical patriarch Leo is found dead—presumed murdered—and his sons find they've drawn the exacting gaze of the entire town. The ensuing trial brings to light potential motives for all three brothers: Dagou, the restaurant's reckless head chef; Ming, financially successful but personally tortured; and the youngest, gentle but lost college student James. As the spotlight on the brothers tightens—and the family dog meets an unexpected fate—Dagou, Ming, and James must reckon with the legacy of their father's outsized appetites and their own future survival. Brimming with heartbreak, comedy, and suspense, *The Family Chao* offers a kaleidoscopic, highly entertaining portrait of a Chinese American family grappling with the dark undercurrents of a seemingly pleasant small town.

The Coming Collapse of China Apr 22 2022 China is hot. The world sees a glorious future for this sleeping giant, three times larger than the United States, predicting it will blossom into the world's biggest economy by 2010. According to Chang, however, a Chinese-American lawyer and China specialist, the People's Republic is a paper dragon. Peer beneath the veneer of modernization since Mao's death, and the symptoms of decay are everywhere: Deflation grips the economy, state-owned enterprises

are failing, banks are hopelessly insolvent, foreign investment continues to decline, and Communist party corruption eats away at the fabric of society. Beijing's cautious reforms have left the country stuck midway between communism and capitalism, Chang writes. With its impending World Trade Organization membership, for the first time China will be forced to open itself to foreign competition, which will shake the country to its foundations. Economic failure will be followed by government collapse. Covering subjects from party politics to the Falun Gong to the government's insupportable position on Taiwan, Chang presents a thorough and very chilling overview of China's present and not-so-distant future.

Who We Be Dec 06 2020 Incorporating powerful images from a range of artistic venues, an intellectual follow-up to the award-winning *Cant Stop Won't Stop* considers how violent culture disputes are still occurring in spite of the past half century's progress in race relations.

Chang and Eng Jun 24 2022 This stunning novel combines fiction with astonishing fact to tell the story of history's most famous conjoined twins. Born in Siam in 1811—on a squalid houseboat on the Mekong River—Chang and Eng Bunker were international celebrities before the age of twenty. Touring the world's stages as a circus act, they settled in the American South just prior to the Civil War. They eventually married two sisters from North Carolina, fathering twenty-one children between them, and lived for more than six decades never more than seven inches apart, attached at the chest by a small band of skin and cartilage. Woven from the fabric of fact, myth, and imagination, Strauss's narrative gives poignant, articulate voice to these legendary brothers, and humanizes the freakish legend that grew up around them. Sweeping from the Far East and the court of the King of Siam to the shared intimacy of their lives in America, Chang and Eng rescues one of the nineteenth century's most fabled human oddities from the sideshow of history, drawing from their extraordinary lives a novel of exceptional power and beauty.

Factory Girls Oct 16 2021 An eye-opening and previously untold story, *Factory Girls* is the first look into the everyday lives of the migrant factory population in China. China has 130 million migrant workers—the largest migration in human history. In *Factory Girls*, Leslie T. Chang, a former correspondent for the *Wall Street Journal* in Beijing, tells the story of these workers primarily through the lives of two young women, whom she follows over the course of three years as they attempt to rise from the assembly lines of Dongguan, an industrial city in China's Pearl River Delta. As she tracks their lives, Chang paints a never-before-seen picture of migrant life—a world where nearly everyone is under thirty; where you can lose your boyfriend and your friends with the loss of a mobile phone; where a few computer or English lessons can catapult you into a completely different social class. Chang takes us inside a sneaker factory so large that it has its own hospital, movie theater, and fire department; to posh karaoke bars that are fronts for prostitution; to makeshift English classes where students shave their heads in monklike devotion and sit day after day in front of machines watching English words flash by; and back to a farming village for the Chinese New Year, revealing the poverty and idleness of rural life that drive young girls to leave home in the first place. Throughout this riveting portrait, Chang also interweaves the story of her own family's migrations, within China and to the West, providing historical and personal frames of reference for her investigation. A book of global significance that provides new insight into China, *Factory Girls* demonstrates how the mass movement from rural villages to cities is remaking individual lives and transforming Chinese society, much as immigration to America's shores remade our own country a century ago.

Is Mommy? Dec 26 2019 "In this ode to hardworking mommies everywhere, they may not always be fun or neat, but their toddlers love them no matter what"--

We Gon' Be Alright Feb 20 2022 "In his most recent book, *Who We Be*, Jeff Chang looked at how art and culture effected massive social changes in American society. Since the book was published, the

country has been gripped by waves of racial discord, most notably the protests in Ferguson, Missouri. In these highly relevant, powerful essays, Chang examines some of the most contentious issues in the current discussion of race and inequality. Built around a central essay looking at the rise of the Black Lives Matter movement and the events in Ferguson, Missouri, surrounding the death of Michael Brown, Chang questions the value of "the diversity discussion" in an era of increasing racial and economic segregation. He unpacks the return of student protest across the country and reveals how the debate over inclusion and free speech was presaged by similar protests in the 1980s and 1990s. The author of *Can't Stop Won't Stop* looks at how culture impacts our understanding of the politics of this polarized moment. Throughout these essays Chang includes the voices of many of the leading activists as he charts how popular voices on the ground and in social media have catalyzed the push for protest and change."-- Provided by publisher.

Eat a Peach Jun 12 2021 NEW YORK TIMES BESTSELLER • From the chef behind *Momofuku* and star of Netflix's *Ugly Delicious*—an intimate account of the making of a chef, the story of the modern restaurant world that he helped shape, and how he discovered that success can be much harder to understand than failure. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • *Fortune* • *Parade* • The New York Public Library • Garden & Gun In 2004, *Momofuku Noodle Bar* opened in a tiny, stark space in Manhattan's East Village. Its young chef-owner, David Chang, worked the line, serving ramen and pork buns to a mix of fellow restaurant cooks and confused diners whose idea of ramen was instant noodles in Styrofoam cups. It would have been impossible to know it at the time—and certainly Chang would have bet against himself—but he, who had failed at almost every endeavor in his life, was about to become one of the most influential chefs of his generation, driven by the question, “What if the underground could become the mainstream?” Chang grew up the youngest son of a deeply religious Korean American family in Virginia. Graduating college aimless and depressed, he fled the States for Japan, hoping to find some sense of belonging. While teaching English in a backwater town, he experienced the highs of his first full-blown manic episode, and began to think that the cooking and sharing of food could give him both purpose and agency in his life. Full of grace, candor, grit, and humor, *Eat a Peach* chronicles Chang's switchback path. He lays bare his mistakes and wonders about his extraordinary luck as he recounts the improbable series of events that led him to the top of his profession. He wrestles with his lifelong feelings of otherness and inadequacy, explores the mental illness that almost killed him, and finds hope in the shared value of deliciousness. Along the way, Chang gives us a penetrating look at restaurant life, in which he balances his deep love for the kitchen with unflinching honesty about the industry's history of brutishness and its uncertain future.

Can't Stop Won't Stop May 11 2021 *Can't Stop Won't Stop* is a powerful cultural and social history of the end of the American century, and a provocative look into the new world that the hip-hop generation created. Forged in the fires of the Bronx and Kingston, Jamaica, hip-hop became the Esperanto of youth rebellion and a generation-defining movement. In a post-civil rights era defined by deindustrialization and globalization, hip-hop crystallized a multiracial, polycultural generation's worldview, and transformed American politics and culture. But that epic story has never been told with this kind of breadth, insight, and style. Based on original interviews with DJs, b-boys, rappers, graffiti writers, activists, and gang members, with unforgettable portraits of many of hip-hop's forebears, founders, and mavericks, including DJ Kool Herc, Afrika Bambaataa, Chuck D, and Ice Cube, *Can't Stop Won't Stop* chronicles the events, the ideas, the music, and the art that marked the hip-hop generation's rise from the ashes of the 60's into the new millennium.

Gods of Want Oct 04 2020 Startling stories center the bodies, memories, myths, and relationships of Asian American women in “a voracious, probing collection, proof of how exhilarating the short story can be” (*The New York Times Book Review*)—from the National Book Award “5 Under 35” honoree

and author of *Bestiary* “Wise, energetic, funny, and wild, *Gods of Want* displays a boundless imagination anchored by the weight of ancestors and history.”—Kali Fajardo-Anstine, author of *Sabrina & Corina* and *Woman of Light* In “Auntland,” a steady stream of aunts adjust to American life by sneaking surreptitious kisses from women at temple, buying tubs of vanilla ice cream to prepare for citizenship tests, and hatching plans to name their daughters “Dog.” In “The Chorus of Dead Cousins,” ghost-cousins cross space, seas, and skies to haunt their live-cousin, wife to a storm chaser. In “Xífù,” a mother-in-law tortures a wife in increasingly unsuccessful attempts to rid the house of her. In “Mariela,” two girls explore one another’s bodies for the first time in the belly of a plastic shark, while in “Virginia Slims,” a woman from a cigarette ad comes to life. And in “Resident Aliens,” a former slaughterhouse serves as a residence to a series of widows, each harboring her own calamitous secrets. With each tale, K-Ming Chang gives us her own take on a surrealism that mixes myth and migration, corporeality and ghostliness, queerness and the quotidian. Stunningly told in her feminist fabulist style, these are uncanny stories peeling back greater questions of power and memory.
