**Black Pockets** Mar 16 2021 In this masterful collection of horror stories, George Zebrowski divides these nineteen tales into personal, political, and metaphysical terrors—stories to scare you individually, stories to frighten you as a social animal, and stories that should terrify the entire human race. In “I Walked with Fidel,” a young man encounters a once politically powerful zombie; “Jumper” focuses on a young woman with a dark and troubled past, while in “The Coming of Christ the Joker,” the lighthearted banter of a celebrity TV talk show becomes something

far more serious. “A Piano Full of Dead Spiders” is an eerie story of genius, its demands, and its delusions; in “Passing Nights,” the truth behind a recurring nightmare is revealed; “The Soft Terrible Music” depicts a man who must hide his past even from himself. And in the title story, the novella “Black Pockets,” Zebrowski asks: What happens to a man when his desire for revenge becomes all-consuming? With an introduction by Howard Waldrop and an afterword by the author, George Zebrowski reveals himself in *Black Pockets and Other Dark Thoughts* as a writer who can play on our more disturbing emotions even as he impels us to deeper thoughts.

**The Project Horse** Jun 06 2020 Horses are always a puzzle Posey can figure out. Love and life? Now, those pose a challenge. Posey Malone is heading home. With her horse trainer father gone to the great bookmaker in the sky, her love life in shambles, and her career as a copywriter low-income at best, she figures it’s best for everyone if she just shacks up with her mother for a while. Abandoning New York City for the wilds of north Florida won’t be easy, but Posey figures she can use some quiet time back in her old bedroom to save money, help her mom adjust to life without her dad, and get her head on straight again. So when she pulls up in front of the family house and sees a big "For Sale" sign in the front yard, please forgive Posey if she says a few swear words. Mom has a new place to work and live, and Posey has little choice but to tag along after her. Unfortunately, this means she's thrust back into the thick of the Ocala rivalries which chased her away from home eight years ago. Namely: Adam Salazar. The son of her father's ex-partner, Adam made her life a living hell as a teenager. One could almost say Adam broke up her entire family, if one wanted to blame someone. And Posey definitely wants to blame someone. Determined to show Adam up, Posey takes on a failed racehorse as her project horse. She'll prove she's a better trainer than he is, and save some pride in the process. But when Adam takes Posey's bet and starts training a project horse of his own, she finds herself spending more time than she anticipated with her arch-nemesis . . . and that the arrogant boy she remembers has been replaced by a handsome man who is determined to make amends. A story about growing up, coming home, and finding love: *The Project Horse* will take you on a gallop through Florida's horse country with plenty of friendship, laughter, and redemption along the way. *The Project Horse* is part of the Florida Equestrian Collection, which includes: *The Eventing Series* *The Alex & Alexander Series* *The Grabbing Mane Series* *The Show Barn Blues Series* *The Sea Horse Ranch Series* *The Briar Hill Farm Series* These novels include overlapping

characters, events, and locales which create a community of equestrians you'll love recognizing and catching up with in each book! **Dreaming** Jun 26 2019 A comprehensive proposal for a conceptual framework for describing conscious experience in dreams, integrating philosophy of mind, sleep and dream research, and interdisciplinary consciousness studies.

Dreams, conceived as conscious experience or phenomenal states during sleep, offer an important contrast condition for theories of consciousness and the self. Yet, although there is a wealth of empirical research on sleep and dreaming, its potential contribution to consciousness research and philosophy of mind is largely overlooked. This might be due, in part, to a lack of conceptual clarity and an underlying disagreement about the nature of the phenomenon of dreaming itself. In *Dreaming*, Jennifer Windt lays the groundwork for solving this problem. She develops a conceptual framework describing not only what it means to say that dreams are conscious experiences but also how to locate dreams relative to such concepts as perception, hallucination, and imagination, as well as thinking, knowledge, belief, deception, and self-consciousness. Arguing that a conceptual framework must be not only conceptually sound but also phenomenologically plausible and carefully informed by neuroscientific research, Windt integrates her review of philosophical work on dreaming, both historical and contemporary, with a survey of the most important empirical findings. This allows her to work toward a systematic and comprehensive new theoretical understanding of dreaming informed by a critical reading of contemporary research findings. Windt's account demonstrates that a philosophical analysis of the concept of dreaming can provide an important enrichment and extension to the conceptual repertoire of discussions of consciousness and the self and raises new questions for future research.

Unlike traditional dream dictionaries, this book presents the meanings behind modern-day symbols such as mobile phones, boom boxes, and DVD players. For example, spiders are becoming more

common in dreams because we spend more time on the World Wide Web these days. Traditional dictionaries might simply describe spiders as symbols of danger and entrapment. Ultimately, this book will become the benchmark for accurate dream interpretation.

*Ski Jumping in the Northeast: Small Towns and Big Dreams* Jun 30 2022 Dozens of towering ski jumps once dotted the landscape across the northeastern United States. Introduced by Norwegian immigrants in the late 1800s, ski jumping became popular in Maine, New Hampshire, Vermont, Massachusetts, New York and Connecticut. From Lake Placid to Salisbury, crowds thronged to the jumps to watch. Youngsters like the Tokle brothers and Roy Sherwood rose to stardom. All of that changed in the 1980s, though, with the end of college jumping. Today, only a handful of jumping clubs remain. But in a rare few communities, a strong sense of tradition keeps the spirit alive. Join author and coach Ariel Picton Kobayashi as she examines ski jumping's fascinating identity as both a small-town tradition and thrilling sport.

*When to Jump* Jan 02 2020 “A lively and inspiring guidebook for anyone who wants to make the jump from normal to extraordinary.” —Tony Robbins, #1 New York Times bestselling author of *Unshakeable* and *MONEY: Master the Game* An inspirational book that lays out the “Jump Curve”—four steps to wholeheartedly pursuing the career of your dreams—through experiences from a variety of people who have jumped and never looked back When Mike Lewis was twenty-four and working in a prestigious corporate job, he eagerly wanted to leave and pursue his dream of becoming a professional squash player. But he had questions: When is the right time to move from work that is comfortable to a career you have only dared to dream of? How have other people made such a jump? What did they feel when making that jump—and afterward? Mike sought guidance from others who had “jumped,” and the responses he got—from a banker who started a brewery, a publicist who became a Bishop, a garbage collector who became a furniture designer, and on and on—were so clear-eyed and inspiring that Mike wanted to share what he had learned with others who might be helped by those stories. First, though, he started playing squash professionally. The right book at the right time, *When to Jump* offers more than forty heartening stories (from the founder of Bonobos, the author of *The Big Short*, the designer of the Lyft logo, the *Humans of New York* creator, and many more) and takeaways that will inspire, instruct, and reassure, including the ingenious four-phase Jump Curve.

*Sooner Or Later* Jul 08 2020 Amy must make a decision between two lifelong dreams--caring for sick and injured horses or showing Storm in major competition--when she realizes she cannot be dedicated to both.

**Dreams That Speak** Aug 21 2021 Birth from her mother womb as the mouth piece for God, evolved the anointed infallible, woman of God, Prophetess Antoinette M. White. As God molded her in His hands, He purposed her for His works and for His people. From the cradle to the pulpit this Prophetess was destined to bring forth the word of God with the anointing and power. Hearing the call in her tender years, Antoinette began her ministry with a Yes Lord, her am I, and sojourns her call in the path of ministerial greatness. With an ear to hear His voice, and her affections toward heavenly matters, this Prophetess is unmovable and unstoppable on her mission. In her childhood years it was evident Antoinette was a gifted child; peculiar, anointed and called to ministry. As the gift of prophecy manifested through her voice, and prophetic dreams became perceptible through full materialization, the mantle as Gods Prophetess was apparent. Prophetess White is the wife of the powerful Apostle Michael S. White Jr. and mother of six children. These two anointed vessels established Remnant Apostolic Prophetic Outreach ([www.wrapoutreach.org](http://www.wrapoutreach.org)).

Jumping Oct 23 2021 Jumping is a work of visionary fiction that begins with a nihilistic act. The main character, a young man, feels life's limits are killing him, drives to a remote area, walks 100 yards, and leaps into a dark and mysterious chasm, known locally as the "Void." Friends and family are stunned. What he meets in the Void is his own larger spiritual history—a cohort of souls he incarnated with, a string of past lives he visits—and he's changed profoundly and permanently. Because of his story, others jump. What are they jumping to? Duncan Robert is the first to jump. No one saw him do it, but some claim they felt something at the moment he jumped—a sort of missed beat, or skip, in the order of things. The Void waits in the woods just outside of town and has for as long as anyone can remember, though no one knows why. In the tradition of *The Celestine Prophecy* and *Mutant Message Down Under*, this teaching fable explores the necessity of taking risks, life beyond the limits and time and space, and humanity's place in the universe. "In a way, Jumping is similar to spiritually directed fantasy or channeled work. I've never written anything like it and typically don't read anything like it, so I'm short on language to describe it. It's metaphysical and fiction, which removes it from the category of straight channeling or metaphysical self-help

books." —Jane Peranteau

*A People's Dream* Apr 04 2020 In this provocative and passionate book, Dan Russell outlines the history of Aboriginal self-government in Canada. He compares it to that of the United States, where, for over 150 years, tribes have practised self-government -- domestic dependent nationhood. Russell provides specific examples of how those institutions of government operate, and eloquently explains, from an Aboriginal perspective, what his people hope to achieve through self-governing authority. After describing rights theory, Russell locates Aboriginal self-government as a cultural right, and illustrates how the entitlements of Aboriginal women, an Aboriginal ethic, and collective rights, which are protected by self-governance, may conflict with the Canadian Charter of Rights.

*A Healing* Dec 13 2020 "My front" denied "Boy's" existence to the world, my fear and ignorance denied him healing, finally my writings set me on the pathway to atonement, and with my conscious atonement "Boy" was salvaged from his exile of nearly fifty years. As I welcomed "Boy" home thru these writings, my time of peace became my living reality. My memories of war were now lived within the bounds of comfortable sadness. I was no longer beleaguered by secreted unwarranted guilt or painful recollections appearing unbidden inside my head. I won my critical battle of life thru these writings. I was always alone while thinking and writing, but I am convinced others were there, unseen, patiently guiding when the pain became too much, allowing the tears to wet my shirt, helping with the words needed for a healing and staying my finger, not allowing that tragic bit of extra pressure on the trigger in the fall of 1989. I did not write alone. I truly did not believe "Boy's" retrieval possible, and I am astounded I accomplished this healing of my essence without knowledge of or consciously being capable of self-therapy, nor why I now feel whole.

*Ski Jumping in Washington State: A Nordic Tradition* Apr 28 2022 Ski jumping, once Washington's most popular winter sport, was introduced by Norwegian immigrants in the early twentieth century. It began at Spokane's Browne's Mountain and Seattle's Queen Anne Hill, moved to midsummer tournaments on Mount Rainier in 1917 and expanded statewide as new ski clubs formed. Washington tournaments attracted the world's best jumpers--Birger and Sigurd Ruud, Alf Engen, Sigurd Ulland and Reidar Andersen, among others. In 1941, Torger Tokle set two national distance records here in just three weeks. Regional ski areas hosted national and international championships as well as Olympic tryouts, entertaining spectators until Leavenworth's last tournament in 1978. Lawyer, historian and award-winning author John W. Lundin re-creates the excitement of this nearly forgotten ski jumping heritage.
