And as for Traft's tenderfoot nephew, who had come out of Missouri to run a hard outfit and build barbed-wire fences, Molly certainly hated him. "Although he doesn't know cattle or cowboys, Missourian Jim Traft finds himself as the foreman of a tough Arizona outfit tasked with fencing a hundred miles of open cattle range. Brought on by his wealthy uncle, he faces this difficult trial with youthful aplomb. But Traft faces a community that stands to suffer because of this new drift fence, and he must walk a fine line in order to honor his uncle's business while not incurring the wrath of longtime residents. Free Will, Responsibility, and Crime May 16 2021 In his book, philosopher and law professor Ken Levy explains why he agrees with most people, but not with most other philosophers, about free will and responsibility. Most people believe that we have both – that is, that our choices, decisions, and actions are neither determined nor undetermined but rather fully self-determined. By contrast, most philosophers understand just how difficult it is to defend this "metaphysical libertarian" position. So they tend to opt for two other theories: "responsibility skepticism" (which denies the very possibility of free will and responsibility) and "compatibilism" (which reduces free will and responsibility to properties that are compatible with determinism). In opposition to both of these theories, Levy explains how free will and responsibility are indeed metaphysically possible. But he also cautions against the dogma that metaphysical libertarianism is actually true, a widespread belief that continues to cause serious social, political, and legal harms. Levy ' s book presents a crisp, tight, historically informed discussion, with fresh clarity, insight, and originality. It will become one of the definitive resources for students, academics, and general readers in this critical intersection among metaphysics, ethics, and criminal law. Key features: Presents a unique, qualified defense of "metaphysical libertarianism," the idea that our choices, decisions, and actions can be fully self-determined. Written clearly, accessibly, and with minimal jargon – rare for a book on the very difficult issues of free will and responsibility. Seamlessly connects philosophical, legal, psychological, and political issues. Will be provocative and insightful for professional philosophers, students, and non-philosophers.

Circling the Canon, Volume I Jun 16 2021 One of our most important contemporary critics, Marjorie Perloff has been a widely published and influential reviewer, especially of poetry and poetics, for over fifty years. Circling the Canon, Volume I covers roughly the first half of Perloff ' s career, beginning with her first ever review, on Anthony Hecht ' s The Hard Hours. The reviews in this volume, culled from a wide range of scholarly journals, literary reviews, and national magazines, trace the evolution of poetry in the mid- to late twentieth century as well as the evolution of Perloff as a critic. Many of the authors whose works are reviewed in this volume are major figures, such as W. B. Yeats, Ezra Pound, Sylvia Plath, and Frank O ' Hara. Others, including Mona Van Duyn and Richard Hugo, were widely praised in their day but are now all but forgotten. Still others—David Antin, Edward Dorn, or the Language poets—exemplify an avant-garde that was to come into its own.
