Inventor and owner of the Patent: Luca Falace INTRODUCTION Dear reader, I would like to make available to the world community an invention of mine and my patent, filed in 2018, against virus infection. Right now humanity is struggling to start fighting this new virus, corona virus. I filed a patent in the year 2018, with all the explanations, to make my invention. I would like to make my invention available to humanity. How can we do? I don't want money, and therefore I don't want my project to be for profit, but to help the humanity I love. How can we do? 1. I want to make available my invention and my non-profit patent. 2. I want to carry out my invention together with all interested readers, entrepreneurs, companies, countries, nations. 3. I don't want to make the invention, to make money, but to help people around the world against the crown-virus. invention and free of charge, I am available to carry out the engineering, if there was an entrepreneur, or a company, which would produce my invention. How can we do? If you are a scholar, you could recommend this book, create word of mouth. If you are not an entrepreneur, in order to produce this invention, it does nothing, you can adopt all your ideas, to be able to spread this invention. In doing so, maybe someone will come and decide to make it happen. And therefore help today and in the near future, all humanity in the event of a pandemic. Thank you. **Making Italian America** Jun 07 2020 Fourteen cultural history essays exploring the relationship between Italian Americans, consumer culture, and the American identity. How do immigrants and their children forge their identities in a new land? And how does the ethnic culture they create thrive in the larger society? Making Italian America brings together new scholarship on the cultural history of consumption, immigration, and ethnic marketing to explore these questions by focusing on the case of an ethnic group whose material culture and lifestyles have been central to American life: Italian Americans. As embodied in fashion, film, food, popular music, sports, and many other representations and commodities, Italian American identities have profoundly fascinated, disturbed, and influenced American and global culture. Discussing in fresh ways topics as diverse as immigrant women's fashion, critiques of consumerism in Italian immigrant radicalism, the Italian American influence in early rock 'n' roll, ethnic tourism in Little Italy, and Guido subculture, Making Italian America recasts Italian immigrants and their children as active consumers who, since the turn of the twentieth century, have creatively managed to articulate relations of race, gender, and class and create distinctive lifestyles out of materials the marketplace offered to them. The success of these mostly working-class people in making their everyday culture meaningful to them as well as in shaping an ethnic identity that appealed to a wider public of shoppers and spectators looms large in the political history of consumption. Making Italian America appraises how immigrants and their children redesigned the market to suit their tastes and in the process made Italian American identities a lure for millions of consumers. Fourteen essays explore Italian American history in the light of consumer culture, across more than a century-long intense movement of people, goods, money, ideas, and images between Italy and the United States—a diasporic exchange that has transformed both nations. Simone Cinotto builds an analytical framework for understanding the ways in which ethnic and racial groups have shaped their collective identities and negotiated their place in the consumers' emporium and marketplace. Grounded in the new scholarship in transnational US history and the transfer of cultural patterns, Making Italian America illuminates the crucial role that consumption has had in shaping the ethnic culture and diasporic identities of Italians in America. It also illustrates vividly why and how those same identities—incorporated in commodities, commercial leisure, and popular representations—have

become the object of desire for millions of American and global consumers. "This compelling and innovative volume captures the complexities of the pivotal role of consumption in the historical formation of transnational Italian American taste, positing a distinctive diasporic consumer culture that continues its importance today. Richly interdisciplinary, the collection represents an exciting new resource for scholars and students alike." —Marilyn Halter, Boston University

**Strutture murarie** Jun 27 2019 Il volume è un compendio ideale che fornisce al progettista indicazioni su come calcolare strutture in muratura portante e soprattutto su come progettare avendo chiaro il funzionamento interno degli elementi murari sotto carico. Le costruzioni murarie non sono affatto semplici da comprendere poiché il loro comportamento dipende da molti fattori come il tipo di mattoni, la texture, le malte, la geometria dei pannelli murari e la loro disposizione spaziale. L'opera è aggiornata alle norme tecniche NTC2018 ed è corredata dalle indicazioni della circolare n. 7 del 2019. La base della progettazione, tuttavia, è costituita dalle indicazioni dell'Eurocodice 6, (UNI EN 1996) e da quelle dell'Eurocodice 8 (UNI EN 1998). La progettazione basata sugli Eurocodici è la scelta migliore sia per il presente che per il futuro. Gli Eurocodici utilizzati, equiparati nel 2013 alle norme tecniche e ad esse coesistenti, sono citati tenendo conto dei valori indicati negli annessi italiani, pubblicati in GU. La trattazione, sempre con un taglio pratico, alterna metodi classici e nuove impostazioni: le indicazioni, anche complesse, sono "tradotte" in un linguaggio più vicino alla cultura e alla mentalità del tecnico italiano. Il libro è corredata di una serie di fogli di calcolo, disponibili sul sito [www.hoeplieditore.it](http://www.hoeplieditore.it), che consentono di allegare i risultati ottenuti alle relazioni di calcolo fatte con il computer, molto efficaci e senza dubbio necessarie, ma che spesso necessitano di essere integrate con verifiche locali di qualche elemento o di qualche sezione.

*The Gaze and the Labyrinth* Mar 05 2020 In this, the first comprehensive book on Liliana Cavani, Gaetana Marrone redraws the map of postwar Italian cinema to make room for this extraordinary filmmaker, whose representations of transgressive eroticism, spiritual questing, and psychological extremes test the limits of the medium, pushing it into uncharted areas of discovery. Cavani's film *The Night Porter* (1974) created a sensation in the United States and Europe. But in many ways her critically renowned endeavors--which also include *Francesco di Assisi*, *Galileo*, *I cannibali*, *Beyond Good and Evil*, *The Berlin Affair*, and several operas and documentaries--remain enigmatic to audiences. Here Marrone presents Cavani's work as a cinema of ideas, showing how it takes pleasure in the telling of a story and ultimately revolts against all binding ideological and commercial codes. The author explores the rich visual language in which Cavani expresses thought, and the cultural icons that constitute her style and images. This approach affords powerful insights into the intricate interlacing of narrated events. We also come to understand the importance assigned to the gaze in the genesis of desire and the acquisition of knowledge. The films come to life in this book as the classical tragedies Cavani intended, where rebels and madmen experience conflict between historical and spiritual reality, the present and the past. Offering intertextual analyses within such fields as psychology, history, and cultural studies, along with production information gleaned from Cavani's personal archives, Marrone boldly advances our understanding of an intriguing, important body of cinematic work.

**Italian for Everyone Junior 5 Words a Day** Aug 02 2022 PLEASE NOTE - this is a replica of the print book and you will need a pen and paper to complete the exercises. Your first 1,000 Italian words - five words a day. Over the course of a year, *Italian for Everyone Junior: Five Words a Day* teaches new vocabulary to children who are starting to learn Italian. Presenting 20 new words between Monday and Thursday, the final day of each week's teaching allows children to practice the vocabulary they have just learned. A mix of nouns and verbs are taught through beautifully illustrated scenes, with each new word clearly labeled. *Five Words a Day* first encourages children to copy out the words before covering them with the flaps on the jacket and testing their new knowledge. Accompanying audio means that children are also able to practice their Italian pronunciation as many times as they want. With over 1,000 Italian words, *Five Words a Day* is a colorful, clear, and comprehensive workbook that will lay the foundations for your child's journey in learning and understanding Italian, at school or at home.
