Adult Development and Aging Oct 31 2019 In this second edition of *Adult Development and Aging: Biopsychosocial Perspectives*, Susan Krauss Whitbourne makes an important contribution to the educational mission of the field by providing accurate and current information and a positive perspective on the years of adulthood and old age. Whitbourne explores the art of successful aging, focusing on how individuals can take an active role in the aging process and make it a rewarding developmental period, filled with vitality and creativity. Now revised with substantially updated references and recent findings, the second edition combines both research and applied perspectives, and integrates information from the biological, cognitive, and psychosocial perspectives as they relate to the middle and later years of adulthood. The text presents a complete picture of the aging process, with enough information on both adulthood and later adulthood to allow instructors to alter their emphasis according to the needs and interests of students.

Canadian Perspectives on Advanced Practice Nursing, Second Edition Feb 02 2020 Now in its second edition, *Canadian Perspectives on Advanced Practice Nursing* provides a comprehensive and uniquely Canadian review of the roles of clinical nurse specialists and nurse practitioners, the two streams of advanced practice nursing (APN) in the country. With contributions from notable professionals and academics of the field, the text explores the history and evolution of APN in Canada, from its rural and remote outpost beginnings to the present, and proposes a vision for its future within the health care system. Key issues are examined in relation to economic, educational, legislative, political, regulatory, and social environments that have shaped the continued integration of APN roles across the

country. Additionally, the contributors apply the Canadian Nurses Association's pan-Canadian framework and role competencies to real clinical cases. Speciality roles, including geropsychiatry, ambulatory care, and neonatal, are also examined. New to this edition are chapters that focus on the unique challenges of developing APN roles in Quebec; the social determinants of health of Indigenous, inner-city, rural and remote, LGBT2SQ, and refugee and migrant populations in Canada; and other critical issues, such as performance assessment and global perspectives. Thoroughly updated, this second edition of Canadian Perspectives on Advanced Practice Nursing is a must-read for those in the nursing profession, especially students in nursing programs.

An Introduction to Psychological Science Sep 03 2022 For courses in Introductory Psychology Help students become scientifically literate. An Introduction to Psychological Science helps students view psychology as a practical, modern science--and gives them the tools to better understand our world. Family Violence: A Canadian Introduction Dec 14 2020 Family violence is hard for most people to understand. The fact that we are more likely to be killed or assaulted by family members than anyone else seems incredible. Yet for many Canadians the family is a dangerous place, far from the haven of love and security that we would like to believe. In this book, sociologists Julianne Momirov and Ann Duffy explore the many forms that violence can take, from physical abuse to emotional deprivation. The victims, the theories, and the factors increasing risk are all clearly presented. Policies and programs which would address this issue -- from personal intervention to institutional reforms -- are also outlined. This new edition incorporates up-to-date statistical information on the prevalence of family violence. It reports on recent initiatives to find more successful ways to respond to the needs of victims and to rehabilitate the perpetrators. This is the definitive Canadian book for anyone wanting to learn more about this disturbing phenomenon.

Social Psychology May 07 2020 Catherine Sanderson's Social Psychology will help open students minds to a world beyond their own experience so that they will better understand themselves and others.
