Space Race (1955-1975) Oct 21 2021 Pre-University Paper from the year 2020 in the subject Didactics - English - Miscellaneous, grade: 14, , language: English, abstract: Many children dream of being astronauts and traveling to space. Many hopeless romantics look at the sky in the evening, count the stars and think about how beautiful the moon and sun is. But does anyone ever wonder what's happening up there? Or what are the conditions like? How did the children start dreaming of such thoughts? What are the reasons why humanity started discovering space? And does it have any advantages for us? Or is it just a political game between two great powers? In my research work I am going to try to answer these questions. After World War II, it did not take long for a new conflict to begin, which

occurred between the world's two greatest powers. The democratic, capitalist United States and the communist Soviet Union. The battle was known as The Cold War (1947-1991). Neither country fought directly in an open fight. They used many different places to demonstrate their great power, to show their opponent what kind of weapons they have. Starting with the Berlin Blockade (1948-1949), the Vietnam War (1956-1975) and The Cuban Missile Crisis 1962, until the last crisis occurred during the 1983 NATO exercise. The conflict did not just remain on Earth. In the late 1950s, Space was a new dramatic theater in the Cold War for this Power showing off race. Both countries tried to overcome the achievements of the other, which was called the Space Race. At the beginning I will explain how this cooption started and what the reasons were. The leadership was for the Russians, so they were more successful in the beginning, therefore I will write about the achievements they had before the United States joined this race. But the United States wasn't satisfied with being behind in the "game", so they decided to set up NASA space exploration and they challenged themselves with one of the biggest projects that had great success in the late 1960s and these are my fourth and fifth points that I want to discuss. Thereafter I will investigate whether there was a winner in the end or not. Lastly, I will show the benefits of these races, because thanks to it, there are many new useful inventions and developments that have made our lives easier.

The Handmaid's Tale May 16 2021 An instant classic and eerily prescient cultural phenomenon, from "the patron saint of feminist dystopian fiction" (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling

novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate "Handmaids" under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred's persistent memories of life in the "time before" and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood's devastating irony, wit, and acute perceptive powers in full force, The Handmaid's Tale is at once a mordant satire and a dire warning.

Self-Portrait in Black and White Feb 10 2021 A SUNDAY TIMES BOOK OF THE YEAR A TIME 'MUST-READ' 'An extraordinarily thought-provoking memoir that makes a controversial contribution to the fraught debate on race and racism . . . intellectually stimulating and compelling' SUNDAY TIMES A reckoning with the way we choose to see and define ourselves, Self-Portrait in Black and White is the searching story of one American family's multi-generational transformation from what is called black to what is assumed to be white. Thomas Chatterton Williams, the son of a 'black' father from the segregated South and a 'white' mother from the West, spent his whole life believing the dictum that a single drop of 'black blood' makes a person black. This was so fundamental to his self-conception that he'd never rigorously reflected on its foundations - but the shock of his experience as the black father of two extremely white-looking children led him to question these long-held convictions. It is not that he has come to believe that he is no longer black or that his daughter is white, Williams notes. It is that these categories cannot adequately capture either of them - or anyone else, for that matter. Beautifully written and bound to upset received opinions on race, Self-Portrait in Black and White is an urgent work for our time.

Wikipedia @ 20 Nov 09 2020 Wikipedia's first twenty years: how what began as an experiment in collaboration became the world's most popular reference work. We have been looking things up in Wikipedia for twenty years. What began almost by accident--a wiki attached to an nascent online encyclopedia--has become the world's most popular reference work. Regarded at first as the scholarly equivalent of a Big Mac, Wikipedia is now known for its reliable sourcing and as a bastion of (mostly) reasoned interaction. How has Wikipedia, built on a model of radical collaboration, remained true to its original mission of "free access to the sum of all human knowledge" when other tech phenomena have devolved into advertising platforms? In this book, scholars, activists, and volunteers reflect on Wikipedia's first twenty years, revealing connections across disciplines and borders, languages and data, the professional and personal.

You Don't Have to Live Like This Dec 31

2019 A frighteningly prescient novel of today's America—one man's story of a racially charged real estate experiment in Detroit, Michigan.

"You get in the habit of living a certain kind of life, you keep going in a certain direction, but most of the pressure on you is just momentum. As soon as you stop the momentum goes away. It's easier than people think to walk out on things, I mean things like cities, leases, relationships and jobs." Greg Marnier, Marny to his friends, leaves a job he doesn't much like and moves to Detroit, Michigan in 2009, where an old friend has a big idea about real estate and the revitalization of a once great American city. Once there, he gets involved in a fist-fight between two of his friends, a racially charged trial, an act of vigilante justice, a love affair with a local high school teacher, and a game of three-on-three basketball with the President—not to mention the money-soaked real estate project itself, cut out of 600 acres of emaciated Detroit. Marny's billionaire buddy from Yale, Robert James, calls his project "the Groupon model for gentrification," others call it "New Jamestown," and Marny calls it home—until Robert James asks him to leave. This is the story of what went wrong. You Don't Have to Live Like This is the breakout novel from the "fabulously real" (Guardian) voice of the only American included in Granta's Best of Young British Novelists. Using the framework of our present reality, Benjamin Markovits blurs the line between the fictional and the fact-based, and captures an invisible current threaded throughout American politics, economics, and society that is waiting to explode.

Ghana Must Go Jan 24 2022 A stunning novel, spanning generations and continents, Ghana Must Go by rising star Taiye Selasi is a tale of family drama and forgiveness, for fans of Zadie Smith and Chimamanda Ngozi Adichie. This is the story of a family -- of the simple, devastating ways in which families tear themselves apart, and of the incredible lengths to which a family will go to put itself back together. It is the story of one family, the Sais, whose good life crumbles in an evening; a Ghanaian father, Kweku Sai, who becomes a highly respected surgeon in the US only to be disillusioned by a grotesque injustice; his Nigerian wife, Fola, the beautiful homemaker abandoned in his wake; their eldest son, Olu, determined to reconstruct the life his father should have had; their twins, seductive Taiwo and acclaimed artist Kehinde, both brilliant but scarred and flailing; their youngest, Sadie, jealously in love with her celebrity best friend. All of them sent reeling on their disparate paths into the world. Until, one day, tragedy spins the Sais in a new direction. This is the story of a family: torn apart by lies, reunited by grief. A family absolved, ultimately, by that bitter but most tenuous bond: familial love. Ghana Must Go interweaves the stories of the Sais in a rich and moving drama of separation and reunion, spanning generations and cultures from West Africa to New England, London, New York and back again. It is a debut novel of blazing originality and startling power by a writer of extraordinary gifts. 'Ghana Must Go is both a fast moving story of one family's fortunes and an ecstatic exploration of the inner lives of its members. With her perfectly-pitched prose and flawless technique, Selasi does more than

merely renew our sense of the African novel: she renews our sense of the novel, period. An astonishing debut! Teju Cole, author of *Open City* Taiye Selasi was born in London and raised in Massachusetts. She holds a B.A. in American Studies from Yale and an M.Phil. in International Relations from Oxford. "The Sex Lives of African Girls" (Granta, 2011), Selasi's fiction debut, appears in Best American Short Stories 2012. She lives in Rome.

[Death in Her Hands](#) Jul 06 2020 "[An] intricate and unsettling new novel . . . Death in Her Hands is not a murder mystery, nor is it really a story about self-deception or the perils of escapism. Rather, it's a haunting meditation on the nature and meaning of art." -Kevin Power, *The New Yorker* From one of our most ceaselessly provocative literary talents, a novel of haunting metaphysical suspense about an elderly widow whose life is upturned when she finds an ominous note on a walk in the woods. While on her daily walk with her dog in a secluded woods, a woman comes across a note, handwritten and carefully pinned to the ground

by stones. "Her name was Magda. Nobody will ever know who killed her. It wasn't me. Here is her dead body." But there is no dead body. Our narrator is deeply shaken; she has no idea what to make of this. She is new to this area, alone after the death of her husband, and she knows no one. Becoming obsessed with solving this mystery, our narrator imagines who Magda was and how she met her fate. With very little to go on, she invents a list of murder suspects and possible motives for the crime. Oddly, her suppositions begin to find correspondences in the real world, and with mounting excitement and dread, the fog of mystery starts to fade into menacing certainty. As her investigation widens, strange dissonances accrue, perhaps associated with the darkness in her own past; we must face the prospect that there is either an innocent explanation for all this or a much more sinister one. A triumphant blend of horror, suspense, and pitch-black comedy, *Death in Her Hands* asks us to consider how the stories we tell ourselves both reflect the truth and keep us blind to it. Once again, we are in the hands of a narrator whose unreliability is well earned, and the stakes have never been higher.

Moon Palace Aug 07 2020 The "beautiful and haunting" (San Francisco Chronicle) tale of an orphan's search for love, for his unknown father, and for the key to the elusive riddle of his fate, from the author of the forthcoming *4 3 2 1: A Novel* Marco Stanley Fogg is an orphan, a child of the sixties, a quester tirelessly seeking the key to his past, the answers to the ultimate riddle of his fate. As Marco journeys from the canyons of Manhattan to the deserts of Utah, he encounters a gallery of characters and a series of events as rich and surprising as any in modern fiction. Beginning during the summer that men first walked on the moon, and moving backward and forward in time to span three generations, *Moon Palace* is propelled by coincidence and memory, and illuminated by marvelous flights of lyricism and wit. Here is the most entertaining and moving novel yet from an author well known for his breathtaking imagination. From New York Times bestselling author Paul Auster (*The New York Trilogy*).
